Budget Cycle

The National School District budget is a continuing cycle of planning, updating and reporting. The District's initial budget is for the fiscal year July 1 through June 30 and is adopted by July 1st. Updates are made to the initial budget throughout the fiscal year, and officially adopted with the First Period Interim Financial Report and the Second Period Interim Financial Report.

Budget Policy

BP 3100

The Governing Board recognizes its critical responsibility for adopting a sound budget each fiscal year which is aligned with and reflects the district's vision, goals, priorities, local control and accountability plan (LCAP), and other comprehensive plans. The district budget shall guide decisions and actions throughout the year and shall serve as a tool for monitoring the fiscal health of the district.

The district budget shall show a complete plan and itemized statement of all proposed expenditures and all estimated revenues for the following fiscal year, together with a comparison of revenues and expenditures for the current fiscal year. The budget shall also include the appropriations limit and the total annual appropriations subject to limitation as determined pursuant to Government Code 7900-7914. (Education Code 42122)

In order to provide guidance in the development of the budget, the Board shall annually establish budget priorities based on identified district needs and goals and on realistic projections of available funds.

The Superintendent or designee shall oversee the preparation of a proposed district budget for approval by the Board and shall involve appropriate staff in the development of budget projections.

The Board shall hold a public hearing on the proposed budget in accordance with Education Code 42103 and 42127. The hearing shall occur at the same meeting as the public hearing on the district's LCAP and the local control funding formula (LCFF) budget overview for parents/guardians. (Education Code 42103, 42127, 52062, 52064.1)

The Board shall adopt the district budget at a public meeting held after the date of the public hearing but on or before July 1 of each year. The Board shall adopt the budget following its adoption of the LCAP, or annual update to the LCAP, and the LCFF budget overview for parents/guardians. The budget shall include the expenditures necessary to implement the LCAP or the annual update to the LCAP. (Education Code 42127, 52062)

The budget that is presented at the public hearing as well as the budget formally adopted by the Board shall adhere to the state's Standardized Account Code Structure as prescribed by the Superintendent of Public Instruction (SPI). (Education Code 42126, 42127)

The Superintendent or designee may supplement this format with additional information as necessary to effectively communicate the budget to the Board, staff, and public.

No later than five days after the Board adopts the district budget or by July 1, whichever occurs first, the Board shall file the adopted district budget with the County Superintendent of Schools. The budget and supporting data shall be maintained and made available for public review. (Education Code 42127)

If the County Superintendent disapproves or conditionally approves the district's budget, the Board shall review and respond to the County Superintendent's recommendations at a regular public meeting on or before October 8. The response shall include any revisions to the adopted budget and any other proposed actions to be taken as a result of those recommendations. (Education Code)

Budget Advisory Committee

The Superintendent or designee may appoint a budget advisory committee composed of staff, Board representatives, and/or members of the community.

The committee shall submit recommendations during the budget development process and its duties shall be assigned each year based on district needs. All recommendations of the committee shall be advisory only and shall not be binding on the Board.

The district budget shall be developed in accordance with state criteria and standards specified in 5 CCR 15440-15450 as they relate to projections of average daily attendance (ADA), enrollment, ratio of ADA to enrollment, LCFF revenue, salaries and benefits, other revenues and expenditures, facilities maintenance, deficit spending, fund balance, and reserves. In addition, the Superintendent or designee shall provide the supplemental information specified in 5 CCR 15451 which addresses the methodology and budget assumptions used, contingent liabilities, use of one-time revenues for ongoing expenditures, use of ongoing revenues for one-time expenditures, contingent revenues, contributions, long-term commitments, unfunded liabilities, status of collective bargaining agreements, the LCAP, and LCAP expenditures. (Education Code 33128, 33129, 42127.01; 5 CCR 15440-15451)

The district budget shall provide for increased or improved services for unduplicated students at least in proportion to the increase in funds apportioned on the basis of the number and concentration of unduplicated students in accordance with 5 CCR 15496. Unduplicated students are students who are eligible for free or reduced-price meals, English learners, and/or foster youth. (Education Code 42238.07; 5 CCR 15496)

The Board may establish other budget assumptions or parameters which may take into consideration the stability of funding sources, legal requirements and constraints on the use of funds, anticipated increases and/or decreases in the cost of services and supplies, program requirements, and any other factors necessary to ensure that the budget is a realistic plan for district revenues and expenditures.

Fund Balance

The district shall classify fund balances in compliance with Governmental Accounting Standards Board (GASB) Statement 54, as follows:

1. Nonspendable fund balance includes amounts that are not expected to be converted to cash, such as resources that are not in a spendable form (e.g., inventories and prepaids) or that are legally or contractually required to be maintained intact.
2. Restricted fund balance includes amounts constrained to specific purposes by their providers or by law.
3. Committed fund balance includes amounts constrained to specific purposes by the Board.

For this purpose, all commitments of funds shall be approved by a majority vote of the Board. The constraints shall be imposed no later than the end of the reporting period (June 30), although the actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements.

4. Assigned fund balance includes amounts which are intended for a specific purpose but do not meet the criteria to be classified as restricted or committed.

The Board delegates authority to assign funds to the assigned fund balance to the Superintendent and authorizes the assignment of such funds to be made any time prior to the issuance of the financial statements. The Superintendent shall have discretion to further delegate the authority to assign funds.

5. Unassigned fund balance includes amounts that are available for any purpose.

When multiple types of funds are available for an expenditure, the district shall first utilize funds from the restricted fund balance as appropriate, then from the committed fund balance, then from the assigned fund balance, and lastly from the unassigned fund balance.

The Board intends to maintain a minimum assigned and unassigned fund balance in an amount the Board deems sufficient to maintain fiscal solvency and stability and to protect the district against unforeseen circumstances.

If the assigned and unassigned fund balance falls below the level set by the Board due to an emergency situation, unexpected expenditures, or revenue shortfalls, the Board shall develop a plan to recover the fund balance which may include dedicating new unrestricted revenues, reducing expenditures, and/or increasing revenues or pursuing other funding sources.

Reserve Balance

The district budget shall include a minimum reserve balance for economic uncertainties that is consistent with the percentage or amount specified in 5 CCR 15450.

In any year following the fiscal year in which the district is notified by the SPI that the amount of monies in the state Public School System Stabilization Account equals or exceeds three percent of the combined total of general fund revenues appropriated for school districts and allocated local proceeds of taxes, the district budget shall not contain a combined assigned or unassigned ending general fund balance that is in excess of 10 percent of these funds, unless the requirement is waived in accordance with Education Code 42127.01. (Education Code 42127.01)

Long-Term Financial Obligations

The district's current-year budget and multiyear projections shall include adequate provisions for addressing the district's long-term financial obligations, including, but not limited to, long-term obligations resulting from collective bargaining agreements, financing of facilities projects, unfunded or future liability for retiree benefits, and accrued workers' compensation claims.

The Board may approve a plan for meeting the district's long-term obligations to fund contributions to the California Public Employees' Retirement System (CalPERS) which, to the extent possible, minimizes significant increases in annual general fund expenditures towards pension obligations. The plan may include prefunding required pension contributions through the California Employers' Pension Prefunding Trust Program pursuant to Government Code 21710-21716.

The Board shall approve a plan for meeting the district's long-term obligations to fund nonpension, other postemployment benefits (OPEBs). This plan shall include a specific funding strategy and the method that will be used to finance the district's annual fiscal obligations for such benefits in a manner that continually reduces the deficit to the district to the extent possible. The Board reserves the authority to review and amend the funding strategy as necessary to ensure that it continues to serve the best interests of the district and maintains flexibility to adjust for changing budgetary considerations.

The Superintendent or designee shall annually present a report to the Board on the estimated accrued but unfunded cost of OPEBs. As a separate agenda item at the same meeting, the Board shall disclose whether or not it will reserve a sufficient amount of money in its budget to fund the present value of the benefits of existing retirees and/or the future cost of employees who are eligible for benefits in the current fiscal year. (Education Code 42140)

Budget Amendments

No later than 45 days after the Governor signs the annual Budget Act, the Superintendent or designee shall make available for public review any revisions in budgeted revenues and expenditures which occur as a result of the funding made available by that Budget Act. (Education Code 42127)

Whenever revenues and expenditures change significantly throughout the year, the Superintendent or designee shall recommend budget amendments to ensure accurate projections of the district's net ending balance. When final figures for the prior-year budget are available, this information shall be used as soon as possible to update the current-year budget's beginning balance and projected revenues and expenditures.

In addition, budget amendments shall be submitted for Board approval as necessary when collective bargaining agreements are accepted, district income declines, increased revenues or unanticipated savings are made available to the district, program proposals are significantly different from those approved during budget adoption, interfund transfers are needed to meet actual program expenditures, and/or other significant changes occur that impact budget projections.

Fund Accounting

The District accounts for its budget and expenditures according to the procedures outlined in the California School Accounting Manual (CSAM), published by the California Department of Education and approved by the California State Board of Education. Per Procedure 305 of the CSAM, “the accounting systems of local educational agencies (LEAs) are organized and operated on a fund basis. A fund is a fiscal and accounting entity with a self-balancing set of accounts recording financial resources and liabilities.”

The table below describes the funds used by the National School District.

Governor's May Revise

The 2021–22 May Revision reflects the state's V-shaped recovery from the trough of the short-lived COVID-19 recession. Governor Newsom's "California Comeback Plan" includes a mix of ongoing and one-time investments of \$100 billion made possible by an unanticipated surge in state revenues and robust federal stimulus funding. The State Budget plan holds a lot of promise for Californians, millions of whom have been economically disaffected by the COVID-19. Governor Newsom unveiled a plan that he believes addresses their immediate needs while building the foundations of a more resilient state in the future.

Governor Newsom proposed depositing over \$24 billion in reserves, including a historic deposit into public education's rainy-day fund. The K–14 public education investments correspond with the unprecedented spending levels across the May Revision, including over \$121 billion in budget-year spending for K–12 and an over \$1 billion (or 5.7%) increase for community colleges from 2020–21 levels. The rate of the economic recovery is so strong that the Gann Limit has been triggered. The "Gann Limit" limits the allowable growth in state and local government spending, including for school districts. Amounts over the limit must be split evenly between education and taxpayer refunds. The May Revision estimates that the Gann Limit could be exceeded for the 2020–21 and 2021–22 fiscal years by \$16.2 billion. The May Revision allocates the whole \$16.2 billion estimate, providing tax refunds through the Golden State Stimulus, and allocating the balance of \$8.1 billion to K–14 schools in 2022–23 as a supplement to Proposition 98 funds.

Proposition 98 is estimated to increase by \$17.7 billion above Governor Newsom's January estimates, boosting per-student state revenues to a historic \$13,977. When federal resources are layered on top of Proposition 98 revenues, the per-student rate jumps to an unprecedented \$21,152, according to estimates provided by the Administration. The May Revision estimates that property tax revenues decreased by \$283 million in 2019–20, by \$298 million in 2020–21, and will decrease by \$315.9 million in 2021–22, largely related to revised Educational Revenue Augmentation Fund calculations catalyzed by changes included in the 2020 Budget Act.

As with many investments in the May Revision, the state's obligation to deposit funds in the Public School System Stabilization Account (PSSSA)—or the Proposition 98 reserve—is due in part to unanticipated revenues. According to the May Revision, the state is required to set aside \$1.6 billion more than the January estimate of \$3.0 billion into the PSSSA, for a total reserve of \$4.6 billion. The reserve amount exceeds 3% of the K–12 portion of the Proposition 98 minimum guarantee, which triggers the statutory cap for fiscal year 2022–23—limiting how much K–12 districts can maintain in their local reserves, with a few exceptions.

The May Revision increases the cost-of-living adjustment (COLA) provided in the Governor's Budget in two ways. First, the May Revision recognizes the statutory COLA for 2021–22 is 1.70%—an increase of 0.2% from the Governor's Budget. Second, "to help local educational agencies (LEAs) address ongoing fiscal pressures," an additional \$520 million in Proposition 98 General Fund revenues is being proposed to increase the COLA applicable to the Local Control Funding Formula (LCFF) by an additional 1.00%—bringing it to 2.70%. The 2.70% COLA, compounded with the 2019–20 statutory COLA of 2.31%, results in an LCFF COLA of 5.07% for 2021–22.

Local Control Accountability Plan (LCAP)

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all Local Education Agencies (LEAs) and extra funding - called “supplemental and concentration” grants - to LEAs based on the enrollment of high needs students (homeless, foster youth, English learners, and low-income students). The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students. For 2021-2022, the LCAP that will be presented to the board for public hearing on June 09, 2021, will be for the next 3 fiscal years, the goals of the LCAP are as follows:

- Goal 1: English Learners will acquire English at a rate that will enable them to acquire English language proficiency, re-designate, and continue to achieve grade level academic expectations.
- Goal 2: Increase academic proficiency for all students through a multi-tiered system of supports framework that advances the global competency skills of communication, collaboration, creativity, and problem solving needed for future success.
- Goal 3: Expand collaboration and engagement with parents, families, and community partners to increase equity and access to learning including English learners, foster/homeless youth, and low-income students.
- Goal 4: Provide an integrated multi-tiered framework of support that incorporates differentiated instruction, social emotional learning, and positive behavior intervention to improve individualized student outcomes.
- Goal 5: Grow capacity to provide effective instruction through cutting edge technology, personalized employee training, innovative learning programs, and expanded learning opportunities.
- Goal 6: Promote student engagement and achievement through supplemental services of upgraded facilities, low class size, employee excellence, and transportation.
- Goal 7: Promote student engagement and achievement through broad course of study.

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹ Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.

Description of Adjustments	Total Expenditures	Expenditures Per ADA

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 3,059,155.00
2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 57,509,088.00

C. Percentage of Plant Services Costs Attributable to General Administration

- (Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 5.32%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. 0.00
Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	<u>5,583,662.85</u>
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	<u>(631,863.28)</u>
2. Carry-forward adjustment amount deferred from prior year(s), if any	<u>0.00</u>
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (5.96%) times Part III, Line B19); zero if negative	<u>337,195.30</u>
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (5.96%) times Part III, Line B19) or (the highest rate used to recover costs from any program (7.1%) times Part III, Line B19); zero if positive	<u>0.00</u>
D. Preliminary carry-forward adjustment (Line C1 or C2)	<u>337,195.30</u>
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	<u>not applicable</u>
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
LEA request for Option 1, Option 2, or Option 3	<u>1</u>
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	<u>337,195.30</u>

Approved indirect cost rate: 5.96%
Highest rate used in any program: 7.10%

Note: In one or more resources, the rate used is greater than the approved rate.
