HEALTH EDUCATION, PUPIL SERVICES, AND PARENTS' OR STUDENTS' RIGHTS REQUIRING ANNUAL NOTIFICATION

DEAR PARENT/GUARDIAN: State and federal laws require school districts to notify parents and guardians of minor pupils of parental rights. The law requires the parents or guardians to sign a notification form and return it to school. The signature is an acknowledgment that the parents or guardians have been informed of their rights but does not indicate consent to participate in any particular program that has been either given or withheld. Some legislation requires additional notification to the parents or guardians during the school term or at least 15 days prior to a specific activity. (A separate letter will be sent to parents or guardians prior to any of these specified activities or classes, and the student will be excused whenever the parents or guardians file with the principal of the school a statement in writing requesting that their child not participate.)

The following rights, responsibilities, and protections are provided (when used in this notification "parent" includes a parent or legal guardian):

VISION AND HEARING AND DENTAL SCREENING (EC 49452-49455): During the school year, we may include your child in our program of screening pupils to find any hearing, vision and/or dental impairments. If you submit a written statement refusing such examination, we will exempt your child from the requirement of the law.

FIRST GRADE HEALTH SCREENING (HSC Sec. 124105): All students enrolled in first grade must receive a health screening by December of the child's first grade year. A pupil may be excluded from school for not more than five days if the parent/guardian has not provided a health screening certificate or a waiver by the 90th day after the pupil's entrance into the first grade.

MEDICAL AND HOSPITAL SERVICES FOR PUPILS (EC 49471, 49472): Authorizes districts to provide medical or hospital services through non-profit membership corporations or insurance policies for pupil injuries arising out of school- related activities. The Governing Board of the National School District may make available medical or hospital service through individual policies of accident insurance. No student shall be compelled to accept such service without the consent of his/her parents. The cost of the insurance is paid for by the student's parent or guardian. If a school district does not provide or make available medical and hospital services for pupils of the district injured while participating in athletic activities, in accordance with Section 49470, the parent or guardian of each pupil participating in athletic activities shall be notified that the services are not provided.

ADMINISTRATION OF EPILEPSY MEDICATION (SB 161): This bill requires school districts, upon receipt of a request from a parent or guardian, to have nonmedical school employees receive voluntary emergency medical training in order to provide, in the absence of a school nurse or other licensed nurse onsite, emergency medical assistance to students suffering from epilepsy in accordance with state guidelines.

HARASSMENT/BULLY (BP5131): Any student who engages in bullying and/or cyberbullying on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance, shall be subject to discipline. Harassment or bullying of students or staff, includes but is not limited to, cyberbullying, intimidation, hazing or initiation activity, extortion, or any other verbal, written, or physical conduct that causes or threatens to cause violence, bodily harm, or substantial disruption. Cyberbullying includes the transmission of communications, posting of harassing messages, direct threats, or other harmful texts, sounds, or images on the Internet, social networking sites, or other digital technologies using a telephone, computer, or any wireless communication device.

DISRUPTION IN PUBLIC SCHOOL OR PUBLIC SCHOOL MEETING (EC 32210): Any person who willfully disturbs any public school or public school meeting is guilty of a misdemeanor and shall be punished by a fine of not more than five hundred dollars (\$500).

NOTIFICATION: PARENTS RIGHTS AND RESPONSIBILITIES (ECS 48981, 48982): Pursuant to parent request, the annual notifications may be provided to the parent or guardian in electronic format by providing access to the notice electronically. If the notice is provided in electronic format, the parent or guardian must submit to the school a signed acknowledgement of receipt of this notice.

RULES AND PROCEDURES ON SCHOOL DISCIPLINE (EC 35291): Rules pertaining to student discipline, including those that govern suspension or expulsion, are outlined in EC§ 48900 et seq. and are available from the building principal. They are also communicated to all students every year. In addition, the following disciplinary information is to be provided to parents:

School districts must notify parents or guardians of the specific or approximate dates during the school year when any non-emergency, invasive physical examination or screening is scheduled that 1) is required as a condition of attendance; 2) administered by the school; and 3) is not necessary to protect the immediate health and safety of the pupil or other pupils. The notification must include an opportunity for parents to opt pupils out of participation in the examination or screening. (20 U.S.C. § 1232(h).)

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the County Superintendent of Schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. A copy of the notice shall also be posted in at least two places normally visible to pupils, teachers, and visiting parents in each attendance unit for the entire month of March in each year.

Title VI of the Civil Rights Act of 1964 prohibits discrimination based on race, color, and national origin. Title IX prohibits discrimination based on sex. This policy requires notification in native language if the service area contains a community of minority persons with limited English language skills. Notification must state that the district will take steps to assure that the lack of English will not be a barrier to admission and participation in district programs. This policy applies to all students insofar as participation in programs and activities is concerned, with few exceptions such as contact sports. In accordance with federal law, complaints alleging noncompliance with this policy should be directed to the school principal. Appeals may be made to the district superintendent. A student who is transitioning between grade levels must be allowed to continue to attend the school district of origin in the same attendance area. Notification of Rights Under the Protection of Pupil Rights Amendment (PPRA)

PPRA affords parents of elementary and secondary students certain rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include, but are not limited to, the right to:

- Consent before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of The U.S. Department of Education (ED):
 1. Political affiliations or beliefs of the student or student's parent;
 2. Mental or psychological problems of the student or student's family;
 3. Sex behavior or attitudes;
 4. Illegal, anti-social, self-incriminating, or demeaning behavior;
 5. Critical appraisals of others with whom respondents have close family relationships;
 6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
 7. Religious practices, affiliations, or beliefs of the student or student's parent; or

- Receive notice and an opportunity to opt a student out of:
 1. Any other protected information survey, regardless of funding;
 2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
 3. Activities involving collection, disclosure, or use of personal information collected from students for marketing or to sell or otherwise distribute the information to others. (This does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services, or to, students or educational institutions.)
- Inspect, upon request and before administration or use:
 1. Protected information surveys of students and surveys created by a third party;
 2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
 3. Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law. DISTRICT will/has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. [DISTRICT] will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. [DISTRICT] will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. [DISTRICT] will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this direct notification requirement:

- Collection, disclosure, or use of personal information collected from students for marketing, sales, or other distribution.

- Administration of any protected information survey not funded in whole or in part by ED.
- Any non-emergency, invasive physical examination or screening as described above.

Parents who believe their rights have been violated may file a complaint with:

Safe Storage of Firearms – (EC 48986, 49391, 49392; Cal. Civ Code 29805, 1714.3)

The purpose of this memorandum is to inform and to remind parents and legal guardians of all students in the DISTRICT of their responsibilities for keeping firearms out of the hands of children as required by California law. There have been many news reports of children bringing firearms to school. In many instances, the child obtained the firearm(s) from his or her home. These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.

To help everyone understand their legal responsibilities, this memorandum spells out California law regarding the storage of firearms. Please take some time to review this memorandum and evaluate your own personal practices to assure that you and your family are in compliance with California law.

With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through grade 12 grade, or to any school-sponsored event, activity, or performance; or (3) unlawfully brandishes the firearm to others.

Note: The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.

With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor never actually accesses the firearm.

In addition to potential fines and terms of imprisonment, as of Jan. 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years.

Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward.

Note: your county or city may have additional restrictions regarding the safe storage of firearms.

Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

Attendance at the National School District...matters!

DAILY STUDENT ATTENDANCE IS REQUIRED (VIRTUALLY OR IN PERSON). HOWEVER, DUE TO THE CURRENT HEALTH CONCERNS, PLEASE DO NOT SEND YOUR STUDENT TO IN PERSON SCHOOL IF THEY PRESENT SYMPTOMS OF ILLNESS.

Back to School – How to Verify an Absence

When returning to school (virtually or in person), a satisfactory explanation verifying the reason for the absence is required. This verification must be one of the following within five (5) school days of the absence:

- Written note, fax, email, or voice message from parent/guardian or parent representative.
- Conversation by telephone between the school and the student's parent/guardian. The employee shall record the absence appropriately.
- Visit by school personnel to the student's home.
- Physician's verification.

When a student has had 14 absences in the school year for illness verified by methods listed in #1-#3 above, any further absence for illness must be verified by a physician.

Excused Absences

A student's absence shall be excused for the following reasons in accordance to Ed. Code 48205:

- Personal illness.
- Quarantine under the direction of a county or city health officer.
- Medical, dental, optometric, or chiropractic appointment.

Parents/guardians of students shall be encouraged to schedule medical appointments during non-school hours. Many parents are unaware that going "out of town" with their children during school is an unexcused absence, as are "family emergencies." In both cases, planning ahead can avoid unexcused absences and possible legal problems.

Tardiness

Students should be in class for in person instruction or virtually logged on and ready at the commencement of the school day. After the second bell rings, your child is considered tardy if not in their seat or virtually logged on. For in-person instruction, students must report to the school office/screening location to obtain a tardy slip and be screened. For students in virtual instruction, students not logged on at time directed by teacher, must report tardy to the school office via email or phone call, the office will record the tardy. Arriving late to school will be considered unexcused. Oversleeping, car/traffic problems, etc. are all unexcused. A tardy is excusable by a school official under the following circumstances:

- Student has a court appointment.
- Illness of the student.
- Student has a doctor/dentist appointment.

*A note or phone call from a parent or a professional note from a doctor/dentist will be required to verify the above.

Three (3) tardies of more than 30 minutes count as one unexcused absence. As a parent, it is your responsibility to ensure your child arrives punctually to school daily, so they may take full advantage of the educational opportunities available to them. If your child is attending any of our schools on an inter-district permit or intra-district permit, one of the requirements is to attend school regularly and on time. If your child is attending NSD full distance learning, one of the requirements is to attend school regularly and on time.

PLEASE REPORT YOUR CHILD'S ABSENCE TO THE SCHOOL WITHIN FIVE (5) DAYS OF THE ABSENCE. FAILURE TO DO SO WILL RESULT IN AN UNEXCUSED ABSENCE.

Students Miss Out if They're Not in School

Full-time school attendance is required by law in California and parents are charged with the responsibility of ensuring their child's attendance at school. Parents must advise the school if a student is not in school and give a specific reason for the absence. If all efforts fail and the attendance problem cannot be resolved by school staff, a referral will be made to the School Attendance Review Board.

If students are missing school, they're missing out on building lasting friendships, acquiring skills and attitudes needed to become valued employees and knowledgeable citizens. If students have a severe attendance problem the School Attendance Review Board (SARB) can help.

What is SARB? SARB is the School Attendance Review Board. It is designed to find solutions to student's severe school attendance problems. The Board is made up of representatives from the School District, Police Department, Probation Department, Child Protective Services, Department of Social Services and other community-based organizations as appropriate. SARB seeks to understand why students are experiencing attendance and/or behavior problems and makes every effort to correct the problem.

How can SARB Help? SARB provides the chance for parents, students, and community agencies to take one more look at the problem together. This approach can result in new viewpoints or solutions which may have been overlooked before, including the following:

- Changing student's program, teacher or school.
- Facilitating a new understanding with the school.
- Changing attitudes of the students or family.
- Developing a contract approach set up with the student and parent.
- Locating resource agencies to help the family.
- Arranging for access to parent education.
- Directing the student and/or family to counseling.

Who is referred to SARB? Students whose irregular school attendance or excessive tardies have not been helped by assistance offered at the school or at home. Before a student is referred to SARB, many efforts are made by the school to resolve the problem. Early identification of serious attendance problems result in a higher success rate. Students are referred to SARB by the school principal and after a home visit by the SARB office.

Is SARB effective: Yes! SARB staff are knowledgeable and skillfully trained professionals devoted to students. They promote good school attendance and motivate student to follow the plan specifically designed to improve school attendance. SARB supports the early identification of serious attendance problems, which encourages a higher success rate. Our statistics show a significant increase in the attendance rate of students after they have been referred to SARB.

Research findings related to success in school: Students who miss a lesson lose an opportunity to learn. Too many missed opportunities can result in failure, dropping out of school, or both. Children who believe in the value of hard work and responsibility and who attach importance to education are likely to have higher academic achievement and fewer disciplinary problems than those who do not have these ideals. Parents can improve their children's chances for success by emphasizing the importance of education, hard work, and responsibility and by encouraging their children's friendships with their peers who have similar values.

What if... After a student has met with the Board and agreement on a process for resolving the student's attendance problems has been reached, failure of the student or parent to cooperate and follow through can lead to the student being referred to the Juvenile Probation Department and/or parents being referred to the City Attorney for possible legal action, or parents receiving a citation from the Police Department.

Where can I find out more? Additional information on the School Attendance Review Board is available from the principal at your school or by calling the SARB Chairperson at 619-336-7748.

California Healthy Youth Act Notification Letter for Parents of Fourth, Fifth, and Sixth Grade Students

The California Healthy Youth Act is implemented in the National School District for intermediate grade students. The purpose of this instruction is to:

- Provide students with the knowledge and skills necessary to protect their sexual and reproductive health from HIV and other sexually transmitted infections and from unintended pregnancy.
- Provide students with the knowledge and skills they need to develop healthy attitudes concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage, and family.
- Promote understanding of sexuality as a normal part of human development.
- Ensure students receive integrated, comprehensive, accurate, and unbiased sexual health and HIV prevention instruction and provide educators with clear tools and guidance to accomplish that end.
- Provide students with the knowledge and skills necessary to have healthy, positive, and safe relationships and behaviors.

This program is designed to teach students about the natural changes that take place as students grow and mature. In grades five and six, the program also covers such topics as HIV and human reproduction. Parents will have an opportunity to preview the materials and videos that will be used in these lessons. Preview sessions will be scheduled by the school sites. Parents will be notified regarding the preview sessions. Due to legislative requirements, every student will participate in the California Healthy Youth Program unless a written request from a parent to exclude him / her from the curriculum is received. This letter must be received by the classroom teacher before the first day of classroom instruction in this program. The knowledge acquired from the California Healthy Youth Program will help all children develop the confidence and self-respect necessary to choose a healthy lifestyle.

Complete Campus Security System (CCSS)

All National School District schools are closed campuses and have now implemented the Complete Campus Security Solutions (CCSS). CCSS is a web-based software application that has been developed with the purpose of aiding education facilities in tracking their visitors, students and faculty. It will allow schools and facilities to produce visitor badges and monitor volunteer hours. The overall goal is to better control access to all National School District (NSD) schools, thus providing enhanced safety and protection for our students and staff.

These visitor check-in/out procedures will ensure that all persons who are not assigned to the site have a visitor's badge or National School District photo ID card visible to enter the school site. Anyone who does not have a site visitor badge with the current date displayed or an NSD ID badge is escorted to the office or immediately reported to administration. School site entry is defined as proceeding past the check-in desk (front office). For drop-off and pick-up times, parents and guardians do not have to sign in if they do not "enter" the building. Visitors, including parents and guardians, are not allowed to enter the building without checking in. This is applicable only during school hours.

During check-in, visitors must provide valid identification. Valid identification includes a valid driver's license from any state, an official state photo identification card from any state, military identification card, government issued passport, Mexican consular card, or Sentri pass. This is used as visitors log into the computerized system. When visitors leave the school site, they must log out of the CCSS system. If you have questions concerning CCSS, contact your school site administrator.

Help Keep Your School Safe

Simple Answers to Safety Questions....

Could a stranger or a non-custodial parent remove my child from school? No one may remove your child from school without your permission, with the exception of law enforcement or child protection officers. You must list the people who can pick up your child on the emergency card. If you have a restraining order denying anyone access to your children, please give the office a copy.

What will happen if you can't get in touch with me in case of an emergency with my child? We will first try to contact your friends and relatives listed on the emergency card. That is why those numbers are so important to us. If we can't contact them, our emergency cards allow parents to give us permission to obtain emergency medical care for children. In that case, we will call paramedics to transport your child for care.

What should I do if my child is bothered by someone on the way home from school? Immediately contact the police department. As soon as you are able, contact the school office so that we can use that information to warn students and parents of the danger.

What should I do if my child is hurt or threatened by a student at school? Please contact your child's teacher or the school principal immediately to make an appointment to talk about this problem. All students must feel safe at school and we do not allow children to hurt or threaten each other. **Bullying:** No student will be allowed to engage in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

Why do schools require mandatory uniforms? We believe that students concentrate more on studies when clothing is not an important issue. Some parents still have questions about what children can wear. If you do, please call the office and request a school uniform list. There may be limited financial assistance for families who need help purchasing uniforms. Call your school office for more information.

Why are police officers on our school campuses? National City Police Department officers work in our schools in the areas of classroom instruction and enforcement. The instruction is for students in grades 4, 5, and 6 and targets gang, drug, alcohol, and tobacco education. The enforcement activities include investigating crimes, helping enforce school attendance laws, and meeting with students, parents and staff.

What can my child bring to school? The only things students should bring to school are school supplies. Toys, make-up, radios, candy and other items do not belong at school.

What is National School District's Discipline Policy? The Discipline Policy states that the school staff will not allow any weapons or dangerous objects, violent acts, repeated fighting, drugs, alcohol, tobacco, or threats against staff or students.

The law says children cannot bring... As you know students may not bring weapons, drugs, alcohol or tobacco. Even toy weapons such as plastic guns and knives are forbidden. Did you also know that it is against the law for your child to bring cough medicine, Tylenol, or other medicine from home? If your child needs medicine during the day you must bring it to the office with a doctor's note, and it will be administered during the day.

What happens if my child brings?

A small knife his grandpa gave him. Your child will be suspended and could be expelled from school. If the knife blade is larger than 3 inches, a police report will be filed, and your child must be expelled.

A toy gun. Remember, a toy gun may look like a real gun. The Administrative Board will investigate how your child used the toy gun. If he/she threatened others, expulsion may be recommended to the School Board.

A cigarette and lighter she found on the way to school. The lighter may be considered a dangerous object, and tobacco products are forbidden at all times. Both these items fall under the National School District Discipline Policy.

Who decides on the punishment for a child who violates these rules? The final decision on all punishments under the Discipline Policy will be made by the School Board. An Administrative Panel, made up of school principals and district administrators, will investigate the case and meet with school staff, the child and his/her parents or guardians. The Panel will make a discipline recommendation to the School Board based on the facts of each case.

How Parents Can Help - Remind your child to immediately tell the teacher or principal if he/she accidentally brings a forbidden item to school. Also remind your child not to hold, or help to hide, any items for other students.

Talk with your children about strangers. Remind them to tell you or the teacher about anyone who bothers them on the way to or from school.

Please keep your emergency telephone numbers current. Report new numbers to the office as soon as possible.

Don't send small kitchen knives to cut food items with your child's lunch or snack. These knives are also prohibited under the National School District Discipline Policy.

Help your child keep unwanted items at home by checking his/her backpack frequently, especially after weekend trips or visits with friends and family.

Keeping Our School Safe is Everyone's Job

National School District

Maintenance and Operations Department

On October 22, 1986, the President signed into law the Asbestos Emergency Response Act (AHERA), to CFR, which required all employees, building occupants or their legal guardians, and outside vendors be notified of the results of our compliance with AHERA. This includes building inspections, response activities, and post-response activities, including periodic surveillance and re-inspection activities that are planned or are in progress.

The National School District continues to take an aggressive step toward the protection of human health in its compliance with AHERA. Since the management plan became effective on July 7, 1989, all friable (loose particles) asbestos has been removed from all school facilities. All periodic inspections (every six months) have been conducted on non-friable asbestos. The most recent three-year re-inspection was conducted on April 20, 2021. There has been no significant change to the condition of the non-friable asbestos that was originally stated in the management plan.

All documentation has been filed in the management plan that is on file at each school site and the District Office that is available for public viewing.

Further information may be made available to you by contacting the Director of Maintenance and Operations, at the National School District Service Center by calling 336-7770.

Dear Parents:

State law requires that our school district test students on the State's California Assessment of Student Performance and Progress testing program (CAASPP). The program includes the Smarter Balanced Assessment (SBAC) in English language arts and math and is administered to all students in grades 3-6 including special education students. The California Science Test (CAST) is administered to all students in grade 5. The California Alternative Assessment (CAA) may be used in our Special Day classrooms for math and English language arts and in grade 5 for science. English Learners who have been enrolled less than 12 months in a United States school are not required to take the Smarter Balanced Assessment in English language arts but are required to take the Smarter Balanced Assessment in math. In addition to these tests, a physical education test is given to 5th grade students and the English Language Proficiency Assessments for California (ELPAC) is administered to English Learners in grades TK-6.

Here are some questions you may have regarding the State's testing program.

Question: Who takes the SBAC assessments?

Answer: State law requires that all students in grades three through six take the SBAC test in ELA and Math.

Question: What if my child doesn't speak English or speaks very little English?

Answer: The law requires that all students take the SBAC test and grade five students take the Science test in English. The SBAC tests measure students' knowledge and problem-solving skills in reading, writing, and math. The Science test measures fifth grade students' knowledge in science. Universal and designated supports, embedded within the test and non-embedded, will be provided for English Learners as needed. Parents who do not wish their child to take these tests may request a waiver. This may be done by having a conference with their child's principal.

Question: What if my child is a newcomer to California schools from outside the United States?

Answer: Non English-speaking students who have been enrolled less than 12 months in a United States public school will take the SBAC test in math in English, unless their parents have signed a waiver. The SBAC tests measure students' knowledge in reading, writing, and math. They are not required to take the test in English language arts.

Question: What if my child is in a Special Education Program?

Answer: A student's Individual Educational Program (IEP) can exempt him/her from taking the CAASPP assessments. Students may be eligible to take the CAA in math and/or English language arts and/or science (students in grade 5). The testing environment may be modified to adapt to a student's learning needs if addressed in a student's IEP.

Question: What if I do not agree with the tests being administered to my children?

Answer: By law, any parent has the right to excuse their child from the State testing program. This exemption does not exist for the ELPAC or Physical Fitness Test. This request must be submitted in writing to your child's principal.

Should you have any questions regarding the testing program or wish additional information before your child takes the test, please call your school principal.

Sincerely,

Leighangela Brady, Ed.D.
District Superintendent

Creating Successful Learners... Now

Please Note: This letter is only for students newly enrolling in a California School.

Dear Parent/Guardian:

During the registration process for new students, a home language survey is completed if it has not been completed at a previous California school or district. In California public schools, all students entering school for the first time will be assessed with the Initial English Language Proficiency Assessments for California, or “Initial ELPAC” if there is a home language other than English listed on the home language survey.

The Initial ELPAC is the test used to determine if a student is an English learner or is fluent in English. This required test will help identify students who need help learning English. This is important so they can get the support they need to do well in all school subjects.

You are an important part of your child’s education. To help your child get ready for the test, you can:

- Read to your child or have them read to you on a regular basis.
- Use pictures and ask your child to tell you what they see, or what is happening in each picture.
- Provide your child with opportunities to use language outside of school.
- Talk with your child’s teacher about your child’s listening, speaking, reading, and writing skills to help support their progress.

To learn more about the ELPAC, go to the California Department of Education Parent Guides to Understanding Web page at <https://www.cde.ca.gov/ta/tg/ca/parentguidetounderstand.asp>.

You also can look at sample test questions on the practice tests, which can be found on the ELPAC Web site at <https://www.elpac.org/resources/practicetests/>.

If you have any questions about your child taking the ELPAC, please contact the principal of your child’s school.

Sincerely,

Sharmila Kraft, Ed.D.
Assistant Superintendent, Educational Services

Dear Parent/Guardian:

Identifying students who need help learning English is important so they can get the support they need to do well in English language arts/literacy, mathematics, science, and other subject areas in school. The Summative English Language Proficiency Assessments for California, or "Summative ELPAC," is the test used to measure how well students understand English when it is not the language they speak at home. Information from the ELPAC tells your child's teacher about the areas in which your child needs extra support.

The Summative ELPAC administrative window will begin February 2024.

Students in kindergarten through grade twelve who are classified as English learners will take the Summative ELPAC every year until they are reclassified as proficient in English. Students are tested on their skills in listening, speaking, reading, and writing. Your child's voice is being recorded as part of the Speaking test. A small percentage of student responses will be used to validate the accuracy of scoring and will not be used for identification. All recorded responses will be destroyed after the scores are validated.

You are an important part of your child's education. To help your child get ready for the test, you can:

- Read to your child or have them read to you on a regular basis.
- Use pictures and ask your child to tell you what they see, or what is happening in each picture.
- Provide your child with opportunities to use language outside of school.
- Talk with your child's teacher about your child's listening, speaking, reading and writing skills to help support their progress.

To learn more about the ELPAC, go to the California Department of Education Parent Guides to Understanding Web page at <https://www.cde.ca.gov/ta/tg/ca/parentguidetounderstand.asp>.

You also can look at sample test questions on the practice tests, which can be found on the ELPAC Web site at <https://www.elpac.org/resources/practicetests/>.

If you have any questions about your child taking the ELPAC, please contact the principal of your child's school.

Sincerely,

Sharmila Kraft, Ed.D.

NATIONAL SCHOOL DISTRICT LANGUAGE PROGRAMS

Dear NSD Parents:

Language acquisition programs are educational programs designed to ensure English acquisition occurs as rapidly and effectively as possible and provides instruction to English learners based on the state-adopted academic content standards, including English language development (ELD) standards. (*EC* Section 306[c]).

A description of the language acquisition programs provided in the National School District are listed below. Please select the program that best suits your child.

- **Structured English Immersion** is a single language program that allows for the enrollment of students with English as a second language. Explicit instruction for English development is provided to students who speak another language. Structured English Immersion is offered at all district schools.
- **Dual-Language Immersion** is a dual language program that allows for the enrollment of equal populations of English and Spanish speakers. Students acquire fluency in both languages with 50 percent English and 50 percent Spanish instruction. This program is offered at Kimball Elementary and serves students through sixth grade.
- **Transitional Bilingual Program** is a language instructional program (LIP) designed for English learners utilizing English and students' native language for literacy and academic instruction, with the goals of language proficiency and academic achievement in English. Students typically transition to "English only" instruction by third grade. English learners receive instruction in designated and integrated English language development (ELD) based on the state-adopted CA ELD standards, and all students are provided grade-level content instruction based on the state-adopted academic standards.

Parents/Guardians may choose a language acquisition program that best suits their child. Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible. (*EC* Section 310[a])

Parents may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan. If interested in a different program from those listed above, please contact Katherine Melanese (619) at 336-7503 to ask about the process.

Parents of English learners have a right to decline or opt their children out of the school district's language acquisition program or opt out of particular English learner service(s) within a language acquisition program. (20 U.S.C Section 6318[c][A][vii]) However, LEAs remain obligated to provide the student meaningful instruction (5 CCR Section 11302) until the student is reclassified, inform the parent when progress is not made, and offer the parent programs and services to consider at that time.

Title I Policy - Parent and Family Engagement
National School District
2022-23

1. The local governing board shall adopt and implement a policy on parent and family engagement (California Education Code [EC] sections [§§] 11500-11504, 51101[b]; 20 United States Code [U.S.C.] § 6318[a][2]).
- 1.1 National School District (NSD) has developed a written Title I parent and family engagement policy with input from parents and family members of participating children (20 U.S.C. § 6318[a][2]).

Input is gathered through parent/guardian surveys, the Local Control Accountability Plan (LCAP) Community Forums, and reviewed with the District and Parent Advisory Committee, District English Learner Advisory Committee, and Title 1 School Site Councils.

The LEA distributes the policy to parents and family members of children served under Title I, Part A.

The policy is distributed to families through School Messenger, PeachJar, site newsletters, as well as the annual notification parent handbook and posted on the district's website.

To involve parents and family members in the Title I program National School District has established the following practices:

- a) The district shall incorporate the parent and family engagement policy into the district's plan (20 U.S.C. § 6318[a][2]).

NSD includes a goal about improving family engagement in the Local Control and Accountability Plan (LCAP). This goal includes actions and services, and expenditures addressing family engagement, including meaningful participation and opportunities to provide input on decisions. Actions and strategies are also included in the LCAP Federal Addendum as well as in the Learning Continuity and Attendance Plan.

- b) NSD involves parents and family members in the joint development of the local educational agency planning efforts and in the process of school review and improvement (20 U.S.C. § 6318[a][2][A]).

NSD annually schedules community forums and conducts parent surveys to gather feedback about what is working and areas that may need improvement regarding the LCAP, the LCAP Federal Addendum, the new Learning Continuity and Attendance Plan, as well as school and district goals and actions. Stakeholder feedback is also gathered at school meetings as well as district and school advisory committee meetings. The information gathered is used to revise the district's LCAP, the LCAP Federal Addendum, the Learning Continuity and Attendance Plan and the sites' School Plan for Student Achievement (SPSA).

- c) NSD provides coordination, technical assistance, and other support necessary to assist and build the capacity of all participating schools within the LEA in planning and implementing effective parent and family involvement activities to improve student academic achievement and school performance (20 U.S.C. § 6318[a][2][B]).

District staff work collaboratively with site administrators to plan and implement parent and family engagement activities. Site principals collaborate together to plan and coordinate activities and best practices. Activities include Coffee with the Principal, Literacy/Math nights, parent information nights, workshops and family events. Activities for each site are described in the school's parent and family engagement policy, school-parent compact, and are included in the School Plan for Student Achievement.

The District Resource Teacher for Parent Engagement works collaboratively with site administrators to plan and implement parent and family engagement activities in both English and Spanish. The District Resource Teacher plans and coordinates activities for all NSD families. Activities include Parent Presentations on a variety of topics throughout the school year, Family Leadership Institute - Parent Academy, NSD Annual Parent Summit, NSD Annual 5K and Resource Fair, and coordinates a variety of parent presentations/workshops and events with outside community partners. The District Resource Teacher also provides a monthly Family Empowerment Newsletter for all NSD families with recommendations/tips to implement at home to improve student academic achievement and school performance. Since the school closures, the District Resource teacher created and updates the Family Empowerment websites for our families in English and Spanish. The websites include academic resources, parent classes/workshops, information regarding family wellness, and additional community resources.

- d) NSD coordinates and integrates Title I, Part A parent and family engagement strategies including State Preschool, English Learners and Special Education to the extent feasible and appropriate, with other relevant Federal, State, and local laws and programs (20 U.S.C. § 6318[a][2][C]).
- e) NSD conducts, with the meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of the parent and family engagement policy in improving the academic quality of the schools served, including identifying the following (20 U.S.C. § 6318[a][2][D]):
 - i. Barriers to greater participation by parents in activities authorized by this section (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background) (20 U.S.C. § 6318[a][2][D][i]).

NSD annually gathers input and feedback from stakeholders through the LCAP community forums, LCAP parent surveys, Learning Continuity and Attendance Plan Community Forum, as well as site and district advisory committees to evaluate the effectiveness of the parent and family engagement policy. Barriers are identified through this process and actions put into place to address the needs of families and ensuring information is provided in a language and format easily understood by

families.

- ii. The needs of parents and family members so that they may assist with the learning of their children, including engaging with school personnel and teachers (20 U.S.C. § 6318[a][2][D][ii]).

Meetings, workshops, presentations, and information are provided to families to support them with strategies to engage with the school. Meetings, presentations, workshops, and information are provided in a language and format easily understood by families. Some strategies presented through these include, how to support their child specifically with reading and math, how to communicate efficiently at home, how to communicate/contact their child's teacher, school principal, school office staff, and assistance with completing school forms in a language and format easily understood by families.

- iii. Strategies to support successful school and family interactions (20 U.S.C. § 6318[a][2][D][iii]).

Each school develops a site parent and family engagement policy and school- parent compact designed to meet the needs of their families. Schools host Back to School Nights, family information nights, such as Math or Literacy Nights, STEAM/Science Fairs, informal meetings with the principal, PTA events including school staff such as book fairs, dances, festivals, fundraisers and many other opportunities for families to engage with the staff. The compact describes how families and school staff share the responsibility for improving student achievement and how the school and families will collaborate to assist students achieve the state academic standards.

- f) NSD uses the findings of such evaluation in subparagraph (e) to design evidence-based strategies for more effective parental involvement, and to revise, if necessary, the parent and family engagement policy (20 U.S.C. § 6318[a][2][E]).

The results of the evaluation from the sites are used to design evidenced-based strategies to improve family engagement, and revise the parent and family engagement policy, as needed.

- g) NSD involves parents in activities of schools served under Title I, Part A to adequately represent the needs of the population served by such agency for the purposes of developing, revising, and reviewing the parent and family engagement policy (20 U.S.C. § 6318[a][2][F]).

Each school designates parent/family members to serve on the District and Parent Advisory Committee (DPAC). The DPAC reviews a variety of data sources and provides input and feedback using this information to develop, revise and review the parent and family engagement policy.

Title I (and Non-Title I) Schools

All NSD schools are Title 1 schoolwide schools. A schoolwide program is comprehensive and designed to support and upgrade the entire educational program in a Title I school in order to improve the achievement of the lowest achieving students.

1.2 The district policy on parent and family engagement for all schools in the district shall be consistent with the goals and purposes listed below (*EC* §§ 11502, 11504, 11506).

- a) Engage parents positively in their children's education by helping parents to develop skills to use at home that support their children's academic efforts at school and their children's development as responsible future members of our society (*EC* § 11502[a]).

All schools develop site parent and family engagement plans to address the needs of parents at their school. Each school offers parent and family engagement activities to assist families with supporting learning at home.

Information and resources are shared with families at parent information nights, Literacy and Math nights, parent-teacher conferences, parent workshops, as well as on the school website and materials sent home.

- b) Inform parents and family members that they can directly affect the success of their children's learning, by providing parents with techniques and strategies that they may utilize to improve their children's academic success and to assist their children in learning at home (*EC* § 11502[b]).

Information and resources are provided to parents on strategies to assist their children's learning at home through parent meetings and family nights. Parent and family education are communicated through social media as well as posted on our district website.

- c) Build consistent and effective communication between the home and the school so that parents may know when and how to assist their children in support of classroom learning activities (*EC* § 11502[c]).

Each school communicates to families on a regular basis to share information and resources on ways to support their students' education. Information about the effectiveness of communication at each site is contained in the annual LCAP survey and used to improve services annually.

- d) Train teachers and administrators to communicate effectively with parents (*EC* § 11502[d]).

District leadership provides resources and information to teachers and administrators for effectively communicating with families.

- e) Integrate parent involvement programs into the school's master plan for academic accountability (*EC* § 11502[e]).

Each site annually develops a School Plan for Student Achievement which include goals, actions, strategies and expenditures for family engagement in addition to goals to improve academic achievement and the learning environment.

Allocation of Title I, Part A Funds

1.3 Districts receiving more than \$500,000 in Title I, Part A funds reserves at least one percent of its allocation to carry out parent and family engagement activities (20 U.S.C. § 6318[a][3][A]).

- The district reserves at least one percent of the Title I, Part A allocation to support district-wide family engagement activities. Family engagement activities are included in the district's LCAP and the LCAP Federal Addendum.

Parents and family members of children receiving Title I, Part A services shall be involved in the decisions regarding how funds reserved are allotted for parental involvement activities. (20 U.S.C. Section 6318[a][3][B])

- Each school has a School Site Council and also designates a parent to serve on the District Parent Advisory Committee (DPAC). The committees review input gathered from stakeholders about family engagement activities. This information is used to annually update the LCAP, including actions and services for family engagement.

Not less than 90 percent of the funds reserved are distributed to schools served with priority given to high-need schools (20 U.S.C. § 6318[a][3][C]).

- The district distributes 95 percent of the Title I, Part A funds to schools based on a funding formula. Schools are ranked based on poverty level percentage.

1.4 Funds reserved by the District are used to carry out activities and strategies consistent with the District's parent and family engagement policy, including not less than one of the following (20 U.S.C. § 6318[a][3][D]):

- a) Supporting schools and nonprofit organizations in providing professional development for District and school personnel regarding parent and family engagement strategies (20 U.S.C. § 6318[a][3][D][i]).

NSD provides professional development for district and school personnel regarding parent and family engagement strategies such as training our District Resource Teacher through the Family Leadership Institute to provide parent and family engagement strategies to NSD families as well as participation in the county Parent/Family Liaison Network Meetings.

- b) Supporting programs that reach parents and family members at home, in the community and at school (20 U.S.C. § 6318[a][3][D][ii]).

District Resource Teacher coordinates NSD presentations (academically and

non-academically) with different community partners/programs that reach our NSD families at home, in the community, and at school such as the Family Leadership Institute, Parent Summit, and Family Health Fair and Community Resource Fair.

- c) Disseminating information on best practices focused on parent and family engagement, especially best practices for increasing the engagement of economically disadvantaged parents and family members (20 U.S.C. § 6318[a][3][D][iii]).

At NSD, we disseminate information of all Parent & Family Engagement opportunities through multiple platforms such as our annual notification parent handbook, PeachJar, and SchoolMessenger.

- d) Collaborating, or providing subgrants to schools to enable such schools to collaborate, with community-based or other organizations or employers with a record of success in improving and increasing parent and family engagement (20 U.S.C. § 6318[a][3][D][iv]).

NSD employs a District Resource Teacher focused on partnerships with community organizations, such as Olivewood Gardens, A Reason to Survive: ARTS Center, and UCSD Extensions, to ensure ongoing collaboration throughout the year with school principals to coordinate/plan events/presentations from community organizations that support parent engagement

- e) Engaging in any other activities and strategies that the District determines are appropriate and consistent with the parent and family engagement policy (20 U.S.C. § 6318[a][3][D][v]).

NSD uses activities such as the following as appropriate and consistent with the parent and family engagement policy

- LCAP Town Halls and Parent Surveys
- District Leadership Committees: DPAC, DELAC, PTA Officers Roundtable
- School Site Parent Leadership Committees: School Site Council, ELAC, PTA Meetings

National School District Norms: Using the Internet in School

National School District (NSD) provides a wide array of technology resources for student use. These technology resources are to be used only for educational purposes. The NSD Acceptable Use Policy outlines appropriate use and prohibited activities when using all technology resources and electronic devices as defined by school administrators. Every student is expected to follow all of the rules and conditions listed, as well as those given verbally by NSD teachers and administrators, and to demonstrate good citizenship and ethical behavior at all times.

The Acceptable Use Policy was developed with input from NSD administrators, teachers, students, parents, and school resource officers.

Acceptable Use Policy for Networks, Including the Internet: Student Responsible Use

1. I am responsible for my computer account and e-mail account. I understand that passwords are private and that I should not share my password with anyone. I understand that I am responsible for all activities done through my account. I will not allow others to use my account name and passwords or try to use that of others. I understand that I will be in violation of the law if I attempt to electronically capture another person's password. I understand that it is important to log off the computer device at the end of every session, so another user cannot use my password.
2. I am responsible for my language. I will use appropriate language in my e-mail messages, online postings, and other digital communications. I will not use profanity, vulgarities, or any other inappropriate language as determined by school administrators.
3. I am responsible for how I treat other people. I will use e-mail and other means of communications (e.g. blogs, wiki, chat, instant-messaging, discussion boards, etc.) responsibly. I will not send or post hate or harassing mail, make discriminatory or derogatory remarks about others, or engage in bullying, harassment, or other antisocial behaviors while in school or out of school.

5. I am responsible for my conduct on all online sites. I understand that what I do on social networking websites should not negatively impact the school learning environment and/or my fellow students, teachers, and administrators.
6. I am responsible for being honest while I am online. I understand that masquerading, spoofing, or pretending to be someone else is forbidden. This includes, but is not limited to, sending out e-mail, creating accounts, or posting messages or other online content (e.g. text, images, audio or video) in someone else's name.
7. I am responsible for protecting the security of the NSD network. I will not attempt to bypass security settings or internet filters or interfere with the operation of the network by installing illegal software, including file sharing, shareware, or freeware, on school computers.
8. I am responsible for protecting school property. I understand that vandalism is prohibited. This includes but is not limited to accessing, modifying, or destroying equipment, programs, files, or settings on any computer or technology resource. I will follow all guidelines set forth by the NSD and/or my teachers when publishing schoolwork online (e.g. to a website, blog, wiki, discussion board, podcasting or video server). I will not post photos of students with their first and last names on any online site, including but not limited to websites, blogs, wikis, and discussion forums, without the permission of the parent/guardian or student (age 18 and older).

Positive Behavior Interventions and Supports (PBIS)

Positive Behavior Interventions and Supports (PBIS) is a preventative and positive multi-tiered system of support that is embraced by National School District to foster a safe and positive learning environment.

PBIS includes four main components:

1. Clearly defining and teaching behavioral expectations
2. Consistently acknowledging and rewarding expected behavior
3. Providing clear and consistent interventions when students break expectations
4. Using behavioral data to assess progress and address needs

2023-2024

DEFINING AND TEACHING BEHAVIORAL EXPECTATIONS

There are four school-wide behavioral expectations:

Be Safe
Be Respectful
Be Responsible
Be Kind

Playground Expectations

| Be Safe | Be Respectful | Be Responsible | Be Kind |
|---------------------------------|---|---|---|
| WALK on the blacktop | Stop, look, and listen when spoken to by adults | Take bathroom and drink breaks during recess | Use kind words with peers when you disagree |
| Keep hands and feet to yourself | Take turns | Stop playing and WALK to your line when the bell rings | Allow all students to join in games |

These expectations are applied to different school environments (i.e., hallway, playground, cafeteria) and scenarios (i.e., problem solving), and taught to students during in-class lessons and behavioral assemblies.

ACKNOWLEDGING & REWARDING EXPECTED BEHAVIOR

Wise Owl Ways

OLIVEWOOD OWLS

Room number _____
Earned for _____

At each school, students are positively reinforced for following the behavioral expectations in a variety of ways. Teachers and staff members reward students with caught being good slips (i.e., Dolphin Tickets, Tiger Tickets) when students are **safe, respectful, responsible, and kind**. These slips are then entered into drawings in which students can earn recognition and rewards. Additionally, positive student behavior is shaped with acknowledgment, praise, and classroom incentives.

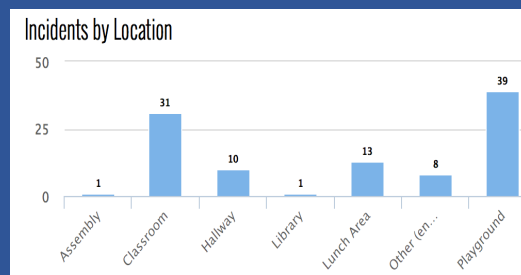

PROVIDING CLEAR & CONSISTENT INTERVENTIONS

Students who do not follow expectations receive interventions and consequences to improve their behavior. Teachers correct minor behaviors by referring back to the expectations and having students practice the desired behavior. For students who require additional support, low level interventions are provided (i.e., reflection forms, restorative questions).

For minor behaviors that require additional intervention and parent communication a Tier I Intervention Form is issued. If a student receives 5 Tier I Intervention Forms for the same behavior or exhibits a more serious/dangerous behavior, a Tier II Referral is issued. This includes an office discipline referral to an administrator.

USING BEHAVIORAL DATA

Schools collect data every year in order to improve outcomes and interventions (i.e., attendance, reading scores). PBIS data is analyzed regularly by school staff and the PBIS Committee in order to determine what behaviors need to be addressed, where those behaviors occur, and when the behaviors take place. With this data, school sites can improve supervision, facilitate school wide re-teaching strategies, and address the specific needs of schools as they arise.

5. Report suspicious activity around the school to the principal/police.

GENERAL SCHOOL SAFETY:

1. Visitor Control: All visitors are allowed entry by checking in at the office with a valid I.D.
2. Local and District-wide communication systems are in place between critical school personnel, Police Department, and Fire Department.
3. Communication systems between parents and school.
4. Emergency procedures for the following events: Fire, Evacuation, Shelter-in-Place, and Lockdown.
