Agenda Item: 11.1. Approve Contract #CT3518 with Dr. Jill Weckerley for an Independent

Educational Evaluation for student #3708625.

Speaker: Sharmila Kraft, Assistant Superintendent, Educational Services

Quick Summary /

Abstract:

Per federal regulations, school districts are required to inform parents of a child with a disability of their right to obtain an Independent educational evaluation (IEE) [34 C.F.R §300.502(a)(2),(a)(1).

An IEE is broadly defined as "an evaluation conducted by a qualified examiner who is not employed by the public agency responsible for the education of the child in question." 34 C.F.R. 300.502(a)(3)(i).

The student's individualized education program (IEP) team, which includes the parents and appropriate school district personnel, will establish 1) reasonable learning goals for a child 2) services that the school district will provide for the child.

The IEP team will consider the independent educational evaluation, along with the school based educational assessments, in making decisions regarding the child's educational

needs.

Comments: The IEP team has carefully considered the request of the parent and at this time the

National School District is in agreement with this request.

11.3. Approve contract #CT3520 with Marjorie Block for an Independent

Occupational Therapy Evaluation for student #3708625.

Speaker:

Sharmila Kraft, Assistant Superintendent, Educational Services

Quick Summary / Abstract:

Per federal regulations, school districts are required to inform parents of a child with a disability of their right to obtain an Independent educational evaluation (IEE) [34 C.F.R §300.502(a)(2),(a)(1).

An IEE is broadly defined as "an evaluation conducted by a qualified examiner who is not employed by the public agency responsible for the education of the child in question." 34 C.F.R. 300.502(a)(3)(i). An IEE may include evaluation of skills related to a child's educational needs including Occupational Therapy Evaluation.

The student's individualized education program (IEP) team, which includes the parents and appropriate school district personnel, will establish 1) reasonable learning goals for a child 2) services that the school district will provide for the child.

The IEP team will consider the independent educational evaluation, along with the school based educational assessments, in making decisions regarding the child's educational needs.

Comments:

The IEP team has carefully considered the request of the parent and at this time the National School District is in agreement with this request.
