Language Instruction for English Learners
and Immigrant Students

programs.)*

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

National Elementary School District (NSD) has 10 elementary schools, all of which are school-wide programs. NSD has seven LCAP goals:

English Learners will acquire English at a rate that will enable them to acquire English language proficiency, re-designate, and continue to achieve grade level academic expectations.

- Increase academic proficiency for all students through a multi-tiered system of supports framework that advances the global competency skills of communication, collaboration, creativity, and problem solving needed for future success
- Expand collaboration and engagement with parents, families, and community partners to increase equity and access to learning including English learners, foster/homeless youth, and low-income students
- Provide an integrated multi-tiered framework of support that incorporates differentiated instruction, social emotional learning, and positive behavior intervention to improve individualized student outcomes
- Grow capacity to provide effective instruction through cutting edge technology, personalized employee training, innovative learning programs, and expanded learning opportunities
- Promote student engagement and achievement through supplemental services of upgraded facilities, low class size, employee excellence, and transportation
- Promote student engagement and achievement through broad course of study.

Data analysis from the California School Dashboard, local data, and stakeholder input, identified strengths specifically:

- Focused on instruction for English Learners by increased opportunities for linguistic experiences within English Language development
- English language arts and math training with teachers informing their instructional practices through assessments and emphasis standards
- PBIS systems across all schools
- Reduced suspension rates.

Data analysis also identified needs specifically:

- Lack of an MTSS
- Systematic discipline protocols
- Lack of standards aligned common assessments tools and systems
- Lack of universal social emotional screeners and response plan
- Inadequate technology devices in K-2.

The LCAP goals drive the planned expenditures of funds for services. Base funds lay the foundation of providing basic services, these services are enhanced and fortified by aligned services using Supplemental Concentration Funds and finally ESSA funds maximize services and actions by supplementing LCAP goals and actions for ESSA eligible students. The actions/services selected for use with federal funds align with and supplement the actions/services provided with LCFF dollars by offering supplementary services. The federal funding provided by ESSA will be used to support aligned instructional practices within and beyond the school day. The key features in the LCAP that are supplemented include the following:

Goal 1: Additional District Resource Teachers focused on English Language Development via professional development on the CA English Language Development standards, integrated ELD in math, instructional coaching and monitoring of student progress (Title III).

Rationale: there is a continuing equity gap for English Learners in academic performance. The additional support of District Resource Teacher and the allocation of professional teacher learning aims increase opportunities for differentiated first best instruction.

Goal 2: Systematic after school intervention at each site to serve the lowest performing students funding resources, materials and staff cost. Additionally, ESSA funds will be used to fortify the number of Language Arts Specialist at each site (through centralized services) and Impact Teachers to provide direct student services (Title I). Rationale: Research shows that beginning readers benefit most from being taught explicit skills during intensive small- group instruction. Providing the additional staff with expertise in literacy to provide Tier 2 services for students aims to ameliorate performance gaps early.

Goal 3: Family Leadership Institute parent cohorts at each site including funding of materials, resources and staff support to engage families (Title I).

Rationale: A predictor of student success is associated with parental engagement. Research indicates the extent to which families encourage learning at home and involve themselves in their child's education correlates with positive attitudes about school and academic achievement.

Goal 4: One counselor per site to support sites with social emotional, behavioral, and attendance concerns of students (Title I). Rationale: Research shows the role of social emotional learning in a school setting promotes healthy student development and academic achievement. Students demonstrating social emotional competencies as a result of explicit instruction demonstrate reduction in problem behaviors, and improved students' academic achievement.

Goal 5: Additional professional development (hourly timecard, conferences, substitutes) on effective pedagogy with technology integration and personalized learning. Rationale: Research finds that properly implemented technology personalized devices (1:1) can produce significant gains, especially with at-risk students, in student achievement, engagement.

Goal 6: Maintain lower class size (Title II) due to the suspension of class size reduction funding. Rationale: Studies indicate that lower class size has a positive effect on student achievement. The smaller class sizes provide greater opportunity for frequency of instructional interaction with the teacher and increases the probability of mentorship.

Goal 7: Provide broad course of study focused on hands-on real-world experiences aimed at enhancing student background knowledge and engagement with school.

***ESSA Provisions Addressed in the Consolidated Application and Reporting System
An LEA addresses the following ESSA provision as part of completing annual reporting
through the Consolidated Application and Reporting System (CARS).***

TITLE I, PART A

Poverty Criteria

<i>ESSA SECTION(S)</i>	<i>STATE PRIORITY ALIGNMENT</i>
<i>1112(b)(4)</i>	<i>N/A</i>

Describe the poverty criteria that will be used to select school attendance areas under Section 1113.

National School District is district-wide Title I and reports this under the Consolidated Application and Reporting System (CARS).

ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs the ESSA provisions on the following pages do not align with state priorities. Each provision for each program provided on the following pages must be addressed, unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision within this addendum.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA’s responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

TITLE I, PART A
Educator Equity
ESSA SECTION 1112(b)(2)

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Each July and August, NSD participates in the annual Williams Settlement Annual District Visit. an educator credential audit is part of the annual review. In the 2020-2021 school year, NSD had no teachers as being identified as "misassigned". According to Dataquest NSD's average teacher years of service/years in the district is 8 years. Currently there are 10 first year and 28 second year certificated staff (including teachers, counselors, psychologist, social workers, speech). These staff are distributed across the 10 sites with no site having more than a total of three first or second year teachers. This distribution ensures that there is no disparity of ineffective, inexperienced teaching low income minority students at a higher rate.

Parent and Family Engagement
ESSA SECTIONS 1112(B)(3) AND 1112(B)(7)

Describe how the LEA will carry out its responsibility under Section 1111(d).

- How the LEA will involve parents and family members at identified schools in jointly developing Comprehensive Support and Improvement plans?

In the 2020-2021 there are no sites identified as ATSI or CSI due to the suspension of the CA Dashboard as a result of the pandemic. However, NSD has all sites the District's Parent engagement policies and involvement opportunities is reviewed by the School Site Council, English Parent Advisory Council and a general open parent meetings (Cafecitos). Additionally, as all NSD sites are identified as school-wide, all sites provide a regularly scheduled parents Title I School meeting combined with their Back to School Nights. Any ATSI and CSI schools will provide an additional stakeholder input meeting to discuss the proposed plan. Stakeholder impact will be demonstrated in the Single Plan for School Achievement and shared with school site council. Educational Services will work closely with ATSI or CSI sites to ensure plan actions requiring District oversight (staff hiring, contracts, etc.) are implemented to meet the goals of the CSI and TSI improvement plans. Sites will also conduct two town hall meetings to share to date plan implementation and answer questions from parent and community members.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Professional learning is provided to classroom teachers, principals, and other school leaders on the English Language Development ELD standards and proficiency level descriptors. The learning focuses on supporting teachers with the "actualization" of integrated ELD across content areas through the following: effective lesson design, analysis of language demands and targeted goal setting through proficiency level descriptors. The professional development provided with Title III, builds on the District's vision of providing the classroom teacher with the skills and strategies to execute high rigor lessons in a content area with intentional embedded language supports to ensure access for English learners. Title III funds are used to pay for two District Resource Teachers- English Language Development to lead professional development, ongoing coaching and classroom demonstrations. Evaluation of the impact of the professional development will include ELD progress monitoring assessments, ELPAC scores, reclassification rates, CAASPP results and the California Dashboard indicators for English learners.

***Enhanced Instructional Opportunities

THIS ESSA PROVISION IS ADDRESSED BELOW:

National School District was not eligible to receive Title III Immigrant funds this last year. However, there are immigrant status students and NSD provides materials and supplies are purchased to support English language development and primary language materials. Federal funds provide targeted supplemental supports to socially economically disadvantaged English learner students at risk of not meeting the state academic standards. The actions/services selected for use with federal funds align with and supplement the actions/services provided with LCAP dollars by offering additional services.

***Title III Programs and Activities
ESSA SECTIONS 3116(b)(1)***

Describe the effective programs and activities, including language instruction educational programs, proposed to be developed, implemented, and administered under the subgrant that will help English learners increase their English language proficiency and meet the challenging State academic standards.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Title III funding is used equitably to provide additional job embedded coaching by the District Resource Teachers on EL data analysis and planning, supplementary materials and support on analyzing student proficiency data. An analysis of this data (needs assessment, student proficiency data) and CA Dashboard EL indicator will be used to measure program success.

***English Proficiency and Academic Achievement
ESSA SECTIONS 3116(b)(2) (A-B)***

Describe how the eligible entity will ensure that elementary schools and secondary schools receiving funds under Subpart 1 assist English learners in:

- (C) achieving English proficiency based on the State's English language proficiency assessment under Section 1111(b)(2)(G), consistent with the State's long-term goals, as described in Section 1111(c)(4)(A)(ii); and***
- (D) meeting the challenging State academic standards.***

THIS ESSA PROVISION IS ADDRESSED BELOW:

All English Learners (EL) in grades TK-6 receive both Integrated and Designated English Language Development daily. Integrated ELD allows students access and opportunity to demonstrate achievement in both the ELD standards and their grade-level content area curriculum. Actions/services to support EL using LCFF Supplemental/Concentration, and federal dollars are secured to ensure robust supports for English learners. An analysis of this data (needs assessment, student proficiency data) and CA Dashboard EL indicator will be used to measure program success.

TITLE IV, PART A

Title IV, Part A Activities and Programs

ESSA SECTION 4106(e)(1)

Describe the activities and programming that the LEA, or consortium of such agencies, will carry out under Subpart 1, including a description of:

- (A) any partnership with an institution of higher education, business, nonprofit organization, community-based organization, or other public or private entity with a demonstrated record of success in implementing activities under this subpart;***
- (B) if applicable, how funds will be used for activities related to supporting well-rounded education under Section 4107;***
- (C) if applicable, how funds will be used for activities related to supporting safe and healthy students under Section 4108;***
- (D) if applicable, how funds will be used for activities related to supporting the effective use of technology in schools under Section 4109; and***
- (E) the program objectives and intended outcomes for activities under Subpart 1, and how the LEA, or consortium of such agencies, will periodically evaluate the effectiveness of the activities carried out under this section based on such objectives and outcomes.***

THIS ESSA PROVISION IS ADDRESSED BELOW:

The LCAP stakeholder input and data analysis process provided data on programming that would increase services to increase well rounded education, safe and healthy students and digital literacy. Stakeholders included NSD staff, certificated and classified associations, site and parent advisory groups, and through two town hall meetings the general public. Input was gathered on each action item, cost effectiveness and alignment to District vision. Additionally, parent surveys were employed to ensure that parent engagement activities and resources were providing them access to supporting their child and expressing their voice for decision making.

- Please describe how the LEA will use at least 20 percent of the SSAE program funds for activities authorized under Section 4107 that support student access to a well-rounded education and how the programs and activities carried out under this section are coordinated with other schools and community-based services.

National School District will use 20% of the funds to provide instruction to allow for students to engage in literacy development in a blended learning environment during tier II support during and after school by providing teachers access to an online differentiated literacies program for 3rd-6th underperforming students. The blended learning environment allows students to learn and engage in learning on a broad course of literacies study (science, history social science). This innovative approach will allow students alternative method to develop greater engagement on topics across content areas, while increasing their reading skills through the "smart" adaptive software. 20% of the funds will be used for the hourly pay of extra teachers serving students during and after the regular day, books and materials used with the blended program. The intended objectives of this program will focus on increasing literacy skills for 3rd-6th grade students

performing below grade level. NSD will monitor will use Lexile growth data from the blended software system, growth on District benchmarks and teacher formative assessment to monitor continued literacy growth for students. A summative evaluation of the program will be based on the growth on the State test and distance from standard. This will coordinate with National School District focus on build stronger and more cohesive integrated academic component of our MTSS.

- Please describe how the LEA will use at least 20 percent of the SSAE program funds for activities authorized under Section 4108 that support safe and healthy students and how the programs and activities carried out under this section are coordinated with other schools and community-based services.

National School District will use 20% of the funds to augment the funding of school-based mental health services and counseling. NSD was identified as DA2 due to chronic absenteeism. Staff analysis of this pattern indicated a need to support students in feeling connected to school and developing strategies to mitigate outside school factors. School counselors provide tier I services, and additional funding will allow for more resources to support tier II. The objective of this program is to increase attendance, provide needed mental health services on site and ensure students' sense of connection to school. NSD will monitor the effectiveness of this program by monitoring the growth on the social/emotional screener given each trimester, the reduction of tier II behavioral referrals and the increase of attendance rate. This will coordinate with NSD focus on build stronger and more cohesive integrated social emotional component of our MTSS.

- Please describe how the LEA will use a portion of the funds to improve the use of technology to improve academic achievement, academic growth and digital literacy of all students.

National School District's LCAP is providing students TK-6 with personal devices with the intent of moving to a take home system. This shift aims to close the digital divide and will especially benefit our most disenfranchised students. To provide this equity requires significant support in infrastructure, cybersecurity and coordinating systems with outside agencies to ensure WIFI connectivity. NSD will use 40% of the funds to augment technician support. Ensuring the connectivity and device access for all students will allow teachers to improve technology integration into instruction. Also, the take home system will allow teachers the opportunity extend the school day learning and connect it to real world opportunities, that would not be available without an Internet device. NSD will not spend more than 15 percent of funding in this section on purchasing devices, equipment, software applications, platforms, digital instructional resources and/or other one-time IT purchases. This will align with National School District's focus on build stronger and more cohesive family/home component of our MTSS.
