Authority for Transfers

In accordance with sections 46600 to 46610 inclusive and 48204, of the California Education Code, the school districts of San Diego County may establish interdistrict agreements to provide for an exchange of pupils and allow pupils to enroll in school districts other than which they reside.

- a. Approving the enrollment of pupils who reside outside a school district's boundaries is not mandatory.
- b. Approval of your application for an interdistrict attendance permit does not guarantee placement at a school you request. The district may approve your request for transfer and offer a placement at any school in the district with space for the student.
- c. Providing false information on this application or during the enrollment process is cause for immediate denial of your application or revocation of your Interdistrict Attendance Permit.

Steps in the Interdistrict Attendance Permit Application Process

Step 1: Complete all sections of the *Application for Interdistrict Attendance Permit (Form 341)*. Incomplete applications will be returned to the parent. Requests for transfer will be considered if there is sufficient room in the district in the student's grade level and required educational program. To assure the school districts involved in the transfer have the information they need to make this determination, you must submit a copy of your child's last special education Individual Education Plan (IEP) if your child received special education services in the last 12-month period.

The reasons for transfer described on this application may be considered by the school districts involved in accordance with the policies of their governing boards. School districts may also require that you submit supporting documents with your application for items denoted below with an asterisk. Examples of reasons for transfers include:

- a. **Renewal of Permit:** The student's current interdistrict attendance permit is about to expire or become invalid because the student is completing the highest-grade level in their school or is moving into a new district of residence.
- b. **Moving Out of the District:** The student is moving out of the desired school district and requests to remain enrolled.
- c. ***Temporary Move:** The parent/guardian must provide evidence the student will be living out of the district for one year or less.
- d. **Graduating Class:** The student requests to remain with a class graduating that year from an elementary, middle, or high school.
- e. ***Sibling in Desired District:** The transfer is requested because the student has a sibling attending school in the district of proposed enrollment.
- f. **Temporary Permit:** The student has moved out of the district and wishes to complete the current school year in the district.
- g. ***Moving into District Soon:** The parent/guardian must provide written evidence that the family will be moving into the district of proposed enrollment in the immediate future and would like the student to start the school year in the district.
- h. ***Victim of Bullying:** The parent/guardian must provide written evidence the student has been determined by staff of either the district of residence or desired district to be a victim of an act of bullying as defined in Education Code 48900(r), committed by a student of the district of residence. (See Education Code section 46600(d)(2).)
- i. ***Childcare:** The parent/guardian must provide written evidence the transfer is needed to meet the childcare needs of the student. If approved, the student may be allowed to continue to attend district schools only as long as he/she continues to use a child care provider within district boundaries.
- j. ***Health & Well-Being:** The parent/guardian must provide written evidence the transfer is required to meet the student's special mental or physical health needs as certified by a licensed physician or psychotherapist, school psychologist, or other appropriate school personnel.

- k. ***Social Service Recommendation:** The parent/guardian must provide written evidence the transfer is recommended by the school attendance review board or by county child welfare, probation, or social service agency staff in documented cases of serious home or community problems which make it inadvisable for the student to attend the school of residence.
- l. **Specialized Program:** The student requests enrollment in a specific educational program not offered in the district of residence. If approved, the student may be required to remain in requested program in order to remain enrolled in the desired district.
- m. **Personal & Social Adjustment:** To provide a change in school environment for reasons of personal and social adjustment.
- n. ***Employed within Boundaries of Desired District:** The parent/guardian must provide written evidence the parent's/guardian's place of employment is within the boundaries of the district of desired attendance. *NOTE: An interdistrict attendance permit issued for this reason does NOT constitute recognition of a claim of residency as described by California Education Code section 48204(b).*

Step 2: Submit the application to the district in which you live in accordance with that district's policies and procedures governing interdistrict transfers.

Step 3: If approved by your district of residence, you must then submit your application to the district of desired attendance.

Timeframe for District Response

- a. The districts involved will notify the parent / guardian by mail of their decision within timeframes specified herein.
- b. Education Code 46600.1 and 46600.2 provide the following timeframes for notification:
 - For requests for transfer in the current year, districts are required to respond within 30 days of receiving the request. The current year begins 15 calendar days before the first day of school.
 - For requests for transfer for the next school year, districts are required to respond as soon as possible but not later than 14-calendar days after the start of school.
- c. While your application is pending, **the pupil must attend school** in the district of residence, a charter school, a private school, or other option complying with California compulsory education requirements.

Approvals

- a. A permit for interdistrict attendance is valid only while conditions stated on the permit are maintained. A permit may be revoked by the granting district if the student fails to maintain satisfactory attendance, behavior, scholarship. Permits may also be issued to allow transfer for a limited period of time.
- b. Should the student's residence change from one district to another, you will need to apply to your new district of residence to remain in the district of desired attendance.
- c. Transfers for grades 9 – 12 may result in student being ineligible to play CIF sports for a period of time. Eligibility determinations are subject to the rules of the San Diego Section of the California Interscholastic Federation (CIF-SDS) and its member conferences and leagues. If you should have any questions regarding eligibility, the phone number for CIF-SDS is 619-292-8165.

Appeal of Denials

The person having legal custody of the student may appeal, within 30 calendar days of a school district's failure or refusal to issue a permit, to the county board of education having jurisdiction over the district that denies the request.

- Failure to appeal within the required time is good cause for denial of an appeal.
- Failure of the parent to meet any timelines established by the school district shall be deemed an abandonment of the request for transfer and shall not be eligible for appeal to the County Board of Education.

An appeal shall be accepted only upon verification by the county board's designee that all appeals within the districts have been exhausted. Contact the school district issuing the denial for information on the school district's appeal process. For information on appeals to the San Diego County Board of Education, please email Interdistrict.Transfer.Appeals@sdcoe.net.
