2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Ira Harbison Elementary was established in 1950 and is part of the National School District, which is an environment focused on the following core values: “Students First, Whatever it Takes, and Relationships Matter.” National School District is located in the southern region of San Diego County. It is part of National City, which was incorporated on September 17, 1887; it is the second oldest community in San Diego. Our district is composed of 10 elementary schools and a pre-school center. For the 2021-2022 school year, we serve students in grades transitional kindergarten to sixth grade. We have 15 classroom teachers, a site Language Arts Specialist, a School Psychologist, a School Counselor, a Library Media Specialist, a full-time Health Clerk as well as additional support personnel and office staff.

We Promise

- A safe, nurturing learning environment
- An active partnership with parents and community
- A solid foundation in reading, writing, and problem-solving
- A focus on individual student achievement

We Believe

- All students will learn
- Student success is everyone’s responsibility
- Our community’s cultural diversity enriches learning opportunities

Ira Harbison’s Slogan: Excellence for All!

Ira Harbison’s Mission Statement:

The Ira Harbison Elementary community is committed to excellence for all children. Our shared goal is to ensure literacy, instill personal responsibility and celebrate diversity. In achieving this goal, our students develop into literate, self-directed learners and become successful citizens who contribute positively in a global society.

2022-23 School Overview

Message from the School Principal, Dr. Fausto Barragan Jr.:

Welcome to Ira Harbison Elementary, home of the Hawks. Ira Harbison is a small school community with a huge heart. Ira Harbison Elementary School serves 400 scholars in Transitional Kindergarten thru Sixth grade. Our diverse school community is comprised of students with Hispanic, Filipino, Caucasian, Pacific Islander and African American students.

The teaching staff implements the Common Core State Standards (CCSS) and Next Generation Science Standards (NGSS). Common Core State Standards are aligned to a national format to prepare students for college or the career of their choice. One area of focus for these standards is that students will be required to attain more profound mastery of critical concepts, allowing them to apply their knowledge across curricular areas and solve real-world problems. Ira Harbison has a strong emphasis on technology. All students have a 1-to-1 device to access instruction and curriculum anytime. Students participate weekly in P.E., music, art, and enrichment learning opportunities during teacher data release times. Classes when they are on site. To provide a program with high academic rigor, it is essential to maintain a school culture of excellence, achieved through constant collaboration, teamwork, a focus on best practices, and assessment data analysis to guide instruction.

At Ira Harbison, family involvement is a crucial component for the school program's success, and parents are encouraged to be active participants in their student's education. This is accomplished through parent participation in events such as Back to School Night, Open House, Coffee with the Principal, School Site Council and English Language Advisory Committee, and Parent-Teacher conferences. Parents are encouraged to participate in the monthly meetings of the Parent Teacher Association (PTA), English Learners Advisory Committee (ELAC), and School Site Council (SSC). Other opportunities for parent involvement include being classroom volunteers and helping at events such as Family Reading Night, Family Math Night, and the End of the Year Spring Carnival.

A priority at Ira Harbison is student health and safety, combined with character development and a strong sense of responsibility. Ira Harbison implements Social Emotional Learning curriculum in grades TK-6 using research-based curricula, Second. Step. The school also employs a full-time bilingual counselor and a school psychologist.

Ira Harbison Elementary is a Positive Behavioral Interventions and Supports (PBIS) school. PBIS is an evidence-based, data-driven framework proven to reduce disciplinary incidents, increase a school's sense of safety and support improved academic outcomes. More than 16,000 U.S. schools are implementing PBIS. The premise of PBIS is that continual teaching, combined with acknowledgement or feedback of positive student behavior will reduce unnecessary discipline and promote a climate of greater productivity, safety and learning. Ira Harbison encourages positive behavior. Our students are always Safe, Respectful, Responsible and Kind. We use a point system in our school throughout the classroom, cafeteria, and multi purpose areas.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

Ira Harbison's main campus was built in 1950. Since our opening the following major renovations or improvements have been addressed:

- 1987 - Modernization consisted of new flooring, ceilings, lights, electrical, insulation, windows, painting, cabinetry, and an ADA elevator for the auditorium
- 1993 - Modernization consisted of new flooring, ceilings, lights, electrical, insulation, windows, painting, and cabinetry
- 1997 - Relocatables were added to support class size reduction
- 1998 - Relocatables were added to support class size reduction
- 2015 - A high speed and wireless network were added to every classroom on the site.
- 2016 - Air conditioning was added to all original buildings, including every classroom on the site. Additionally, the electrical and the fire alarm systems were upgraded to support the air conditioning and one-to-one computing.
- 2017 and 2018 - Exterior walls have been removed and replaced on many of the portable buildings on the site.
- 2018 - The flower beds on the site have been updated to include a water efficient drip system, and have been replanted.
- 2022 - Installation of new digital marquee in front of the school on 9th street. Installation of brand new multisensory playground and herb gardens for student recreation and recess.

Ongoing - The school is highly maintained with new paint, plants, flowers, and grass on an ongoing basis. Ira Harbison has 17 regular classrooms and 9 classrooms in relocatable buildings.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order, are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

We have made a conscientious effort to provide a clean and attractive campus. Students are encouraged to have pride in their school and keep the campus clean. The District Governing Board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the school office or at the district maintenance office. The principal works daily with the custodial staff and the custodial supervisor to develop cleaning schedules to ensure a clean and safe school.

The Facilities Inspection Tool (FIT)

The FIT is used on a yearly basis to identify facility needs and repairs. All items found in need of repair on the FIT are addressed. Items that involve asphalt, roofing, flooring or painting are addressed through the District's deferred maintenance program. All other items are expedited into the National School District work order system and repaired by our maintenance department.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	33	N/A	33	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	1.26	0.78	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2021-22 Types of Services Funded

In addition to the State General Fund, National School District receives state and federal funding for the following categorical, special education, and other support programs.

INSTRUCTIONAL SETTINGS

Instructional activities occur in a variety of settings. Ira Harbison offers a full-time classroom program employing a traditional schedule for grades TK-6. Students receive a content-standards aligned instructional program to meet the minimum instructional minute requirements by California Education Code.

PLAN FOR STUDENTS WHO ARE ACADEMICALLY LOW /HIGH

The Ira Harbison instructional staff strategically and regularly monitors student achievement and progress. By giving regular assessments and analyzing data, teachers are able to determine which students are progressing and which are struggling. In order to differentiate instruction to meet specific student needs, the teachers have arranged their instructional time to allow flexibility for tier 1 supports in Math and English/Language Arts.

PLAN FOR ENGLISH LEARNERS

As designated by the State of California, will administer the home language survey upon a student's initial enrollment into the Charter School (on enrollment forms). Students with a primary home language other than English, will be assessed for English proficiency by the English Language Proficiency Assessment for California ("ELPAC"). The ELPAC has four proficiency levels (Level 4: well developed; Level 3: moderately developed; Level 2: somewhat developed; and Level 1: minimally developed) and is aligned with the California ELD Standards. Students identified as an English Learner ("EL"), are provided in-class supports and accommodations. Additional supports are provided based on specific student needs. Annual analysis of both ELPAC, CAASPP, and district assessments, assist in determining re-designation of English Learners. Reclassification procedures utilize multiple criteria in determining whether to classify a pupil as proficient in English including, but not limited to, all of the following: Assessment of language proficiency using an objective assessment instrument including, but not limited to, the ELPAC.

Participation of the pupil's classroom teachers and any other certificated staff with direct responsibility for teaching or placement decisions of the pupil to evaluate the pupil's curriculum mastery.

Parental opinion and consultation, achieved through notice to parents or guardians of the language reclassification and placement including a description of the reclassification process and the parents' opportunity to participate, and encouragement of the participation of parents or guardians in the reclassification procedure including seeking their opinion and consultation during the reclassification process.

Comparison of the pupil's performance in basic skills against an empirically established range of performance in basic skills based upon the performance of English proficient pupils of the same age that demonstrate to others that the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English.

Title I Fund: \$110,478

Professional Development

The selection of focus areas for on-going professional development is based on a careful analysis of achievement data, school needs and staff input. The district calendar earmarks two full professional growth days and six days with early release time for providing site-based professional development for all teachers. Teachers also have opportunities to attend virtual conferences and virtual district-wide professional development throughout the year, including five early-release days for district-focused learning. Conferences and professional workshops are selected by teachers with the principal's guidance to ensure that the professional learning involves strategies with rigor and relevance towards meeting our objectives. In recent years, reas of focus for teacher training have included effective instructional strategies for implementation of Common Core Standards, best practices for MTSS Teams collaboration, curriculum training in language arts and mathematics, specific training to support the needs of English Learners, innovative approaches in instructional content/delivery, as well as increased awareness and planning around school safety, and ways to support and strengthen our school culture. Teachers of students with special needs and teachers of newcomer students also receive specialized training to assist them in meeting the unique needs of their students. This professional development is provided in various formats, including whole staff, targeted groups, grade-level teams, and through individual mentoring by the school administrator. During the implementation process, teachers are supported through teacher-principal meetings and student performance reporting on grade level data team collaboration days. As part of grade level collaboration, teachers share ideas, strategies and resources that were learned during professional growth trainings and review student progress on specific English Language Arts and Mathematics units. The district also assists in the coordination of support services under the Beginning Teacher Support and Assessment (BTSA) Induction Program for Year One and Year Two Beginning Teachers. Teachers who are experiencing difficulty or need improvement have access to the PAR (Peer Assistance Review) Program.

*As a result of the restrictions due to COVID-19 many of our traditionally in person professional development opportunities have transitioned to the virtual setting, where possible.
