2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

# General Information about the School Accountability Report Card (SARC)

#### **SARC Overview**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

#### The California School Dashboard (Dashboard)

https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### 2022-23 School Overview

Las Palmas School is located in National City, California, a close-knit community south of San Diego. Las Palmas is a preschool to sixth grade elementary school. Forty percent of our students are English Language Learners and all of our students meet low-income criteria. The staff consists of 22 certificated teachers, 3 special ed teachers, 2 impact teachers, 15 classified employees and 6 support staff.

#### School Mission Statement and Core Values

La Palmas School is more than an elementary school. It is an educational community. The staff, students, and their families are caring, respectful, and work together to provide a high-quality education for all children. We believe in the cumulative, purposeful effect of our instruction. We care deeply about our students' education before they come to our classrooms, for the temporary time they are with us, and long after they leave us. Our goal is to provide a nurturing environment that will promote lifelong learners and contributors to our society. We believe in our National School District's three Core Values.

"Children First"

"Whatever it Takes"

"Relationships Matter"

#### Message from Principal, R Berenice Walker:

Welcome to Las Palmas Elementary School - Home of the Gators! I am very excited and honored to be at Las Palmas Elementary for the 2022-2023 school year! I look forward to helping maintain the collective goal to "Create Successful Learners Now!" and to provide a positive, nurturing environment for all students to learn and grow. We will do this through our positive behavior expectations: Be Safe, Be Responsible, Be Respectful, Be Kind.

I look forward to building strong partnerships with our school community so that we may explore new ways to meet the needs of our students and support their academic growth. Be on the lookout for opportunities to be involved at Las Palmas through our parent groups (PTA, SSC, ELAC).

You, the parents, and community members, are always welcome at Las Palmas. Join us as we continue to create a school where all of our students are successful!

# A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

### 2020-21 Teacher Preparation and Placement

#### **School Facility Conditions and Planned Improvements**

Las Palmas' main campus was built in 1955. Since our opening the following major renovations or improvements have been addressed:

- 1993 Modernization consisting of new flooring, ceilings, lights, electrical, insulation, windows, painting, and cabinetry
- 1997 Relocatables were added to support class size reduction
- 1998 Relocatables were added to support class size reduction

Ongoing - The school is highly maintained with new paint, plants, flowers, grass and new playground equipment.

- 2006 A Computer Lab Relocatable building was added
- 2015 A high speed and wireless network were added to every classroom on the site.
- 2016 Air conditioning was added to all original buildings, including every classroom on the site. Additionally, the electrical and the fire alarm systems were upgraded to support the air conditioning and one-to-one computing.
- 2017 and 2018 Exterior walls have been removed and replaced on many of the portable buildings on the site.

Las Palmas currently has 18 regular classrooms and 17 relocatable buildings

• 2022 - New concrete in the lunch quad, repainted the school, and updated landscaping across campus.

During the summer of 2016, Las Palmas's main buildings were refurbished and updated with modern air-conditioning and heating. This work was made possible through Proposition N school bond funds that were approved by the citizens of National City in 2014.

#### Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

#### Cleaning Process and Schedule

We have made a conscientious effort to provide a clean and attractive campus. Students are encouraged to have pride in their school and keep the campus clean. The District Governing Board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or at the district maintenance office. The principal works daily with the custodial staff and the custodial supervisor to develop cleaning schedules to ensure a clean and safe school.

#### The Facilities Inspection Tool (FIT)

The FIT is used on a yearly basis to identify facility needs and repairs. All items found in need of repair on the FIT are addressed. Items that involve asphalt, roofing, flooring or painting are addressed through the District's deferred maintenance program. All other items are expedited into the National School District work order system and repaired by our maintenance department.

### **B. Pupil Outcomes**

# **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### **Statewide Assessments**

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- 4. College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### **Options**

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	31	N/A	33	N/A	47
Mathematics (grades 3-8 and 11)	N/A	24	N/A	22	N/A	33

#### 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

#### 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

# **State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

# **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Las Palmas strives to involve parents in motivating students to love learning and be successful in school. We believe that with parents as team partners, we can make great academic and emotional strides with our children. We offer a variety of classes and workshops to our parents during our monthly Coffee with the Principal meetings. Topics for these meetings include workshops for technology, fostering reading skills, Positive Behavior Intervention and Supports (PBIS), Restorative Practices, and Safety. Parents also have the opportunity to attend the DPAC workshops and a variety of other parent conferences offered through the San Diego County Office of Education. Parents can participate in ELAC meetings. Our Parent Teacher Association has been creative in organizing fundraising and school celebrations that are intended to motivate our community.

# **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

#### Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.45	0.78	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

#### **Professional Development**

The selection of focus areas for on-going professional development is based on a careful analysis of achievement data. The district calendar earmarks full days and early release time for providing site-based professional development for all teachers. Teachers also have opportunities to attend conferences and district wide professional development throughout the year. Areas of focus for teacher training include effective instructional strategies for implementation of Common Core Standards, best practices for Data Teams collaboration, curriculum training in writing, language arts (ARC and Benchmark) and mathematics (UCI Math Project), as well as specific training to support the needs of English Learners. In addition to these subject areas, professional development is provided to teachers on methods and best practices for using online platforms such as Panorama, Schoology, Seesaw, ARC, Google Meets, and other resources.

During the 2022-2023 school year, professional development will be provided in the areas of mathematics and ELA. These content areas were selected in response to the needs highlighted in our iReady and CAASPP data. In the area of language arts, all of our teachers will receive professional development in the California ELA/ELD framework and standards with a specific focus on vocabulary development and comprehension of informational text and literature. In math, professional development will address the domains of Number and Operations and Algebra and Algebraic Thinking. A secondary goal of all professional development is to address the needs of English learners to close the achievement gap between this group and their English only peers.

In addition to the academic areas, our teachers have received training on a variety of social-emotional curriculum which they will deliver in their classrooms. The curriculum will focus on a variety of topics with an emphasis on emotional regulation. This area was an identified need based on social-emotional student self-surveys and teacher surveys of students.

Professional development will be delivered through teacher release days, bi-weekly data team meetings, collaboration days, weekly staff meetings, off the clock offerings and during individual teacher planning days. Professional development is provided in various formats including whole group, grade-level teams, and through individual mentoring and coaching by our District Resource Teachers. The District assists in the coordination of BTSA Induction Support for year one and two teachers. Teachers who are experiencing difficultly or need improvement have access to the PAR (Peer Assistance Review) Program.

This table displays the number of school days dedicated to staff development and continuous improvement.
