2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Welcome to Rancho de la Nación, home of the Mighty Mustangs! We are a K – 6 school dedicated to providing an exceptional educational experience to the students and families of our community. Rancho de la Nación is located in National City, California, a diverse community south of San Diego. Students at Rancho de la Nación continue to make incremental growth year after year due to the hard work, dedication and commitment of our staff, students, and parents.

Rancho de la Nación is committed to making every student feel safe and welcome in our school community. We do this through teaching and reminding students to Be Respectful, Be Responsible, Be Safe, and Be Kind as part of our Positive Behavioral Interventions and Supports and Multi-Tiered Systems of Supports. I am proud to be part of a school that values such a positive, inclusive culture that teaches, recognizes and supports students to be compassionate human beings.

Student achievement is of the highest priority at Rancho de la Nación and we do this through rigorous lessons that are designed to help students master the Common Core State Standards. We work with all students to support them in achieving proficiency in the standards using specific strategies and holding all students to high expectations. We believe students learn best through meaningful, engaging activities and we work to provide a rich learning environment in every classroom, every day.

Family engagement is a critical piece to student achievement and families are always welcome at Rancho de la Nación. We encourage you to join our PTA, volunteer, and to participate in the number of family engagement activities we plan throughout the year. You are the key to your child's success. Together, as a team, we can ensure your child thrives academically, socially, and emotionally.

Rancho de la Nación Guiding Principles

At Rancho de la Nación, we believe:

- that every individual is valued, to be treated respectfully and with dignity.
- in mutual cooperation for ensuring our school is a safe place, emotionally and physically for all.
- in shared responsibility for focused, powerful learning which permeates all our decisions and actions.

Mission Statement

2022-23 School Overview

Rancho de la Nación will provide a quality education in a safe environment for students and parents through the collaboration of dedicated staff, students, and parents using quality learning tools. We will work together to develop students who become independent, lifelong learners, and future productive citizens.

School Facility Conditions and Planned Improvements

Rancho de la Nación's main campus was built in 1989. There have been and continue to be renovations and improvements at the site since it's opening.

These include:

- 2005-2006 School year - Addition of office facilities and multipurpose building which houses kitchen for serving hot meals for Rancho de la Nación students; new library to accommodate K-6 students; renovation of lower campus buildings (kindergarten and rooms 1-6).
- 2006-2007 – Landscaping/hardscaping in the passageway between the upper campus buildings.
- 2007-2008 - Landscaping in courtyard of lower campus buildings; bulletin boards and signage in the new multipurpose room.
- 2018 - The parking lot was repaved and striped.
- 2019 - The exterior of the school was repainted and a school garden was built in the lower quad.

Ongoing—Maintenance of site with new paint, plants, flowers, grass and new playground equipment. Rancho de la Nación has 19 regular classrooms, a resource room for literacy support personnel, a room for the Resource Specialist Program, offices for support personnel (speech and language therapists, psychologist and counselor), and a library.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

We have made a conscientious effort to provide a clean and attractive campus. Students are encouraged to have pride in their school and keep the campus clean. The District Governing Board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or at the district maintenance office. The principal works daily with the custodial staff and the custodial supervisor to develop cleaning schedules to ensure a clean and safe school.

The Facilities Inspection Tool (FIT)

The FIT is used on a yearly basis to identify facility needs and repairs. All items found in need of repair on the FIT are addressed. Items that involve asphalt, roofing, flooring or painting are addressed through the District's deferred maintenance program. All other items are expedited into the National School District work order system and repaired by our maintenance department.

New School Projects

The new school construction project funded by local bond funds (Measure N) was completed during summer of the 2015-16 school year. The projects included adding air conditioners to every classroom and multi-purpose room and upgrading electrical capacity for four school sites. Additionally, a complete upgrade of our network cabling, as well as network infrastructure hardware upgrades at all sites including the district office, a complete replacement of the district fiber optic cabling network and a complete reconfiguration of the network to accommodate higher network speeds and greater network bandwidth.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	29	N/A	33	N/A	47
Mathematics (grades 3-8 and 11)	N/A	19	N/A	22	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

SB187 Safety Plan

Date the plan was last updated: February 2022

Date the plan was last reviewed with the staff: July 2022

The Comprehensive School Safety Plan includes data regarding school climate, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the plan is available for inspection by the public at each school. Safety information is also provided in each classroom in a highly accessible flip-book that is reviewed with staff at the beginning of every school year.

Our staff is committed to maintaining a safe, secure, and aesthetically pleasing environment for our students. The District's Comprehensive Emergency Disaster Plan is aimed at providing security for students, teachers, and family members in case of unexpected and disruptive events.

Professional Development

The selection of focus areas for on-going professional development is based on a careful analysis of achievement data. The district calendar earmarks full days, and early release time for providing site-based professional development for all teachers. Teachers also have opportunities to attend conferences and district-wide professional development throughout the year. During the 2021-22 school year all teachers at Rancho de la Nación School received approximately 25 hours of professional development in Learning How English Works through the California Literacy Project in order to strengthen our understanding and supports for multi-lingual learners. During the 2022-23 school year teachers will be receiving an additional 25 hours of professional development in integrated language development during math conversations. The use of these academic conversations will also be integrated into all other core subject areas. In addition, through our MTSS Leadership team, data release days and site-based professional development days, teachers are actively receiving professional development in multi-tiered systems of support. Additionally, we have four Teachers on Special Assignment (TOSA) that provide workshops in the area of Math, Language Arts, Science and English Language Development. They are available to support in any of those areas should it be requested at a site, grade or individual level. The District also assists in the coordination of BTSA Induction Support for year one and two teachers. Teachers who are experiencing difficulty or need improvement have access to the PAR (Peer Assistance Review) Program.

Our counselors have received training on the Sanford Harmony social-emotional curriculum which they will deliver in each classroom. Counselors will deliver this curriculum in all classrooms while teachers support the implementation and lesson delivery. In addition, all teachers have received professional development on how to run restorative circles in their classrooms in order to deliver Tier I positive behavior interventions and supports to all students.
