## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

Kimball School was built in 1941 on the west side of National City. It is surrounded by a community that is supportive of the success of our students. In 2012, Kimball School launched the first year of a 50:50 Dual Language Spanish and English Program. Our expectation is to have our students reading, writing, and speaking in both languages. Upon entering Kimball, you will notice a welcoming atmosphere as well as an aesthetically pleasing building. There are hardwood floors in the main building and a state of the art kitchen. There are two separate playgrounds one for primary and upper grade students. The school currently has a population of 390 students. During the upcoming school year, we will promote our second cohort of students to the middle school. This cohort has been in the dual language immersion program since kindergarten grade.

### School's Mission Statement & Core Values

In a community of shared values, we the parents, staff, and community of Kimball School strive to create lifelong learners of high character who meet the district and state standards through quality standards-based instruction. Our formal vision statement is One Child, Two Languages, A World of Possibilities. At Kimball, we believe that each individual child has unique talents, gifts, and needs. We strive to provide a rigorous educational experience in both English and Spanish. We believe that providing instruction in two languages builds metacognition on key concepts, allows transference of skills learned and lays the foundation for a long-term academic future. We believe that the possibilities for an ever-changing global society are limitless. We are preparing our children to thrive in a global economy.

### Our Vision

One child, two languages, unlimited possibilities.

### Our Mission

Like our namesake, Frank Kimball, an early visionary leader in National City, the second oldest city in San Diego County, Kimball Dual Language School: Strives to encourage and promote each individual in realizing their full potential. As a learning community, we collaborate to educate and nurture students, parents, and staff. By providing rigorous standards and instruction in two languages we prepare our students to develop an appreciation of diverse cultures, to be critical thinkers and problem solvers of the future.

### Message from Principal, Francisco Lopez

The teachers, staff, and parents of our school community believe that all students can be successful when provided a challenging, rigorous, and engaging curriculum. As a Dual language school, Kimball School is committed to forging new

pathways in education to create confident bilingual, bi-literate students, who will lead the way in developing a strong economic community. The Dual Language Program was established in 2012 and is offered to students of transitional kindergarten through sixth-grade age. Other benefits include increased teacher capacity through high-quality, focused staff development and coaching, increasing instructional capacity by developing collaborative practices focused on student achievement, access and strategic use of technology by all students to improve academic progress, and ongoing improvement of school facilities. In addition, we are committed to providing academic support networks and intervention strategies so that all our students have an opportunity to succeed. While barriers to achievement still exist, we have achieved extraordinary success and continue persisting and persevering. As a community of learners, we continuously investigate and implement best strategies on a school-wide basis to ensure our students achieve and succeed in two languages!

## A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

## School Facility Conditions and Planned Improvements

Kimball's main campus was built in 1940. Since our opening the following major renovations or improvements have been addressed:

1993 - Modernization consisting of new flooring, ceilings, lights, electrical, insulation, windows, painting, and cabinetry

1997 - Relocatables were added to support class size reduction

1998 - Relocatables were added to support class size reduction

Summer 2006 – Rooms 21, 22, and 23 were removed and replaced with new relocatables. The auditorium was newly renovated with new curtains, mini-blinds and refinished hardwood floors.

Ongoing - The school is highly maintained with new paint, plants, flowers, grass, and new playground equipment.

Major renovations occurred in 1987 and in 2001. The first major renovation in 1987 was a complete modernization of the existing facility and portable buildings. During this time one regular classroom was reconfigured into a kindergarten classroom to accommodate student growth. The second major improvement was a "face lift" to the office and lounge. This included dropping the ceilings, updating the lighting to new fluorescent lights, newly installed blinds, new carpeting, and purchasing new furniture. In 2006, the hardwood floors in the main hallway, stage and cafeteria were completely refurbished. Glass security doors were installed in the main entrance and a security gate was installed by the library to provide additional perimeter security. Kimball currently has 22 regular classrooms and 9 relocatable buildings.

During the summer of 2016, Kimball's main buildings were refurbished and updated with modern air-conditioning and heating. This work was made possible through Proposition N school bond funds that were approved by the citizens of National City in 2014. In 2017 the kitchen area in the auditorium received a major upgrade with a new tiled look. During the summer of 2019 the hallways in the main building were all upgraded with vinyl tack board, freshly painted and the floors were once again refurbished, giving the main entrance to the building a very modern look. During the summer of 2023 the whole school was painted with a new color. We continue to make sure our facilities support the safety and learning experiences of our students.

### Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

### Cleaning Process and Schedule

We have made a conscientious effort to provide a clean and attractive campus. Students are encouraged to have pride in their school and keep the campus clean. The District Governing Board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or at the district maintenance office. The principal works daily with the custodial staff and the custodial supervisor to develop cleaning schedules to ensure a clean and safe school. Due to the current COVID-19 situation we have adopted cleaning standards that promote a healthy environment and mitigate transmission and spread of the virus.

### The Facilities Inspection Tool (FIT)

The FIT is used on a yearly basis to identify facility needs and repairs. All items found in need of repair on the FIT are addressed. Items that involve asphalt, roofing, flooring or painting are addressed through the District's deferred maintenance program. All other items are expedited into the National School District work order system and repaired by our maintenance department.

### B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

\*\*Home/School Partnership:

Parents play a very important role at Kimball Elementary School. We believe: "When parents, students, teachers, and community partners work together, they make a difference in a child's educational journey."

We take pride in learning through the expertise parents bring to our school. We value their commitment to our students, as well as our school vision. Our goal each day is to make sure our parents see our school as a learning community. We encourage parents to read with their children at home, provide cultural activities, and attend school functions with their children. We encourage parents to become actively involved in our school. The following are opportunities for parents to engage with the school:

- Weekly Parent Newsletter
- Parent Volunteer Workshops
- Parent Literacy Workshops
- Parent Content Night
- School Site Council
- English Language Learners Committee
- District Parent Advisory Committee (DPAC)
- CA Association for Bilingual Education (CABE)
- Coffee with the Principal
- Back to School Night
- PTA
- Student recognition assemblies
- Festivals

## 2023-24 School Safety Plan

### SB187 Safety Plan

Date the plan was last updated: February 2023

Date the plan was last reviewed with the staff: July 2022

The Comprehensive Safe School Plan includes data regarding school crime, safe school procedures, and compliance with laws, including (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification to teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the plan is available for inspection by the public in the school's front office. Our staff is committed to maintaining a safe, secure, and aesthetically pleasing environment for our students. The District's Comprehensive Emergency Disaster Plan aims to provide security for students, teachers, and family members in case of unexpected and disruptive events. Throughout the school year, we hold ten (10) fire drills, four (4) lockdown drills, and (4) earthquake drills. Parents have reviewed portions of our safety plan during our parent meetings and we work closely with our local police and fire department to provide a safe environment. In addition to this, our staff is involved in regularly scheduled safety meetings throughout the school year to review all aspects of our safety plan.

Additionally, our plan includes our PBIS (Positive Behavior Intervention and Supports) program, a preventative and positive multi-tiered system of support that Kimball School embraces to foster a safe and positive learning environment. Our PBIS program includes four main components: (1) clearly defining and teaching behavioral expectations, (2) consistently acknowledging and rewarding expected behavior, (3) providing clear and consistent interventions when students break expectations, and (4) using behavioral data to assess progress and address needs. In addition to our positive behavior supports, we also use restorative practices to support students in always making responsible choices. Our restorative practice framework and approach are centered around strengthening relationships between students, building social connections within classrooms and schools, and resolving conflict. While restorative approaches aim to prevent harm, they also give voice to

those harmed and allow individuals to take responsibility for their actions and restore relationships. Students are rewarded when caught making positive choices with Lion's Pride/Golden tickets, which students enter into weekly and monthly raffles. Every week, our school has a Positive Behavior/Intervention focus. Teachers receive a weekly curriculum to review in English and Spanish with the week's direction.

## Professional Development

The selection of focus areas for on-going professional development is based on a careful analysis of achievement data. The district calendar earmarks full days and early release time for providing site-based professional development for all teachers. Teachers also have opportunities to attend conferences and district wide professional development throughout the year. Areas of focus for teacher training include effective instructional strategies for implementation of Common Core Standards, best practices for Data Teams collaboration, curriculum training in writing, language arts (ARC and Benchmark) and mathematics (UCI Math Project), transfer of skills from primary language to second language, as well as specific training to support the needs of English Learners. In addition to these subject areas, professional development is provided to teachers on methods and best practices for using online platforms such as Panorama, Schoology, Seesaw, ARC, Google Meets, and other resources.

During the 2022-2023 school year, professional development will be provided in the areas of mathematics and ELA. These content areas were selected in response to the needs highlighted in our iReady data. In the area of language arts, all of our teachers will receive professional development in the California ELA/ELD framework and standards with a specific focus on vocabulary development and comprehension of informational text and literature. In math, professional development will address the domains of Number and Operations and Algebra and Algebraic Thinking. A secondary goal of all professional development is to address the needs of English learners to close the achievement gap between this group and their English only peers. In addition to the academic areas, our teachers have received training on a variety of social-emotional curriculum which they will deliver in their classrooms. The curriculum will focus on a variety of topics with an emphasis on emotional regulation. This area was an identified need based on social-emotional student self-surveys and teacher surveys of students.

Professional development will be delivered through teacher release days, district and site professional learning days, collaboration days, weekly staff meetings, off the clock offerings and during individual teacher planning days. Professional development is provided in various formats including whole group, grade-level teams, and through individual mentoring and coaching by our District Resource Teachers. The District assists in the coordination of BTSA Induction Support for year one and two teachers. Teachers who are experiencing difficulty or need improvement have access to the PAR (Peer Assistance Review) Program.
