2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Located in the heart of National City, Central Elementary is proud to offer a comprehensive preschool through sixth-grade program dedicated to developing the whole child. Our dedicated staff is committed to creating a nurturing, enriching, and challenging educational environment where every student can thrive academically, socially, and emotionally.

We invite you to visit our campus and experience firsthand the vibrant learning happening in our classrooms, the innovative programs we offer, and the unwavering dedication of our staff. At Central Elementary, we believe in partnering with families and the community to illuminate every child's potential to positively impact the world.

2024-25 School Description and Mission Statement

At Central School,

We Promise

- A safe, nurturing learning environment
- An active partnership with parents and community
- A solid foundation in reading, writing, and problem-solving
- A focus on individual student achievement

We Believe

- All students will learn
- Student success is everyone's responsibility
- Our community's cultural diversity enriches learning opportunities

Message from Principal Catherine Kratochvil-Rojo

Welcome to Central Elementary, home of the Dolphins! Our goal is to ensure that every student is on track to succeed in college, career, and life. At Central, we are committed to providing an enriching, nurturing, and productive learning environment where all students can excel.

Our knowledgeable and dedicated staff enthusiastically delivers an instructional program grounded in the Common Core State Standards and high expectations for academic performance. At Central, we are data-driven and student-centered, ensuring that every decision supports student success.

We have established a safe and positive campus culture through the implementation of Positive Behavioral Interventions and Supports (PBIS). Our school-wide expectations encourage all students to:

Be Responsible

Be Respectful

Be Safe

Be Kind

These expectations foster personal responsibility, positive behavior, and mutual respect throughout our learning community. Additionally, we invest in our students' social-emotional learning to help them develop the skills they need to thrive academically and personally.

Central is proud to be a Community School, taking a "whole child" approach to education. This model integrates academics with health, social services, community development, and family engagement. Parent involvement is a cornerstone of our success, and we encourage parents to become active members of our learning community. Whether you assist in the classroom, join the PTA, or serve on parent committees, your partnership is invaluable to our students' success. Parents are encouraged to complete the volunteer packet to ensure school safety and health compliance.

We look forward to the academic, social-emotional, and personal growth of all our students and to the continued development of our vibrant learning community. Together, we will inspire every Dolphin to shine!

Go Dolphins!

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Central's main campus was built in 1954. Since our opening the following major renovations or improvements have been addressed:

- 1997 - Relocatables were added to support class size reduction.
- 1999 - Relocatables were added to support class size reduction.
- 2005 - New relocatables were added for a new library, computer lab, classrooms, offices for our Speech and Language Therapists and Psychologist.
- 2022 - School/Community garden and adjacent learning space added to campus.
- 2015 - Air conditioning was added to all original buildings, including every classroom on the site. A high speed and wireless network was added to every classroom on the site. Additionally, the electrical and the fire alarm systems were upgraded to support the air conditioning and one-to-one computing.
- Ongoing - The school is highly maintained with new paint, plants, flowers, grass, and playground equipment.

Central has 20 regular classrooms and 16 relocatable buildings.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good condition and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

We have made a conscientious effort to provide a clean and attractive campus. Students are encouraged to have pride in their school and keep the campus clean. The District Governing Board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or at the district maintenance office. The principal works with the custodial staff and the custodial supervisor to develop cleaning schedules to ensure a clean and safe school.

The Facilities Inspection Tool (FIT)

The FIT is used on a yearly basis to identify facility needs and repairs. All items found in need of repair on the FIT are addressed. Items that involve asphalt, roofing, flooring or painting are addressed through the District's deferred maintenance program. All other items are expedited into the National School District work order system and repaired by our maintenance department.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

2024-25 School Safety Plan

SB187 Safety Plan

Date the plan was last updated and board approved: February 2024

Date the plan was last reviewed with the staff: July 2024

2024-25 School Safety Plan

The Comprehensive School Safety Plan includes data regarding school crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) school wide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the plan is available for inspection by the public at each school.

Our staff is committed to maintaining a safe, secure, and aesthetically-pleasing environment for our students. The District's Comprehensive Emergency Disaster Plan is aimed at providing security for students, teachers, and family members in case of unexpected and disruptive events. The National School District has provided Safety Plan Flip Books to all schools in the National School District. Every room at Central School has a safety flip book for anyone to have quick reference to in case of an emergency.

Professional Development

The selection of focus areas for on-going professional development is based on a careful analysis of achievement data. The district calendar earmarks full days and early release time for providing site-based professional development for all teachers. Areas of focus for teacher training include effective instructional strategies for implementation of Common Core Standards, best practices for Data Teams collaboration, curriculum training in English Language Arts, English Language Development, Mathematics, and Social Emotional Learning, as well as specific training to support the needs of English Learners. Teachers of students with special needs and teachers of newcomer students also receive specialized training to assist them in meeting the unique needs of their students. This professional development is provided in various formats, including whole staff group, grade-level teams, and through individual mentoring by the school administrator. In addition, to the professional development mentioned, the District also assists in the coordination of the BTSA Induction Support program for first-and second-year teachers. Teachers who are experiencing difficulty or need improvement have access to the PAR (Peer Assistance Review) Program. Teachers who would like to further strengthen their skills can also sign up for trainings with the District Resource Teachers.

Our Counselor has been provided professional development on the Sanford Harmony program, a curriculum focusing on the Social Emotional learning of students, and has been providing our staff Social Emotional education on self-care and mindfulness. This year classroom teachers have been participating in virtual professional development on I-Ready, a computer adaptive software that serves as our district wide common assessment in both English Language Arts and Mathematics.

Teachers have received professional development on the UCI (University of California Irvine) Math framework. The UCI Math framework replaced the Rigorous Curriculum Design Math framework in the National School District. Teachers had the opportunity to attend training on the clock, and have been trained by consultants from the University of Irvine. Three years ago, the National School District hired three District Resource Teachers who have been providing additional professional development in the area of ELA, ELD, and Math.

The National School District has implemented an intervention program called Achieve 3000 and has provided support staff virtual professional development on this new intervention program. Teachers have received both district and site based virtual professional development on our new Learning Management System, Schoology and can continue to receive support from the District Resource Teacher of Technology. Site administrators have also received virtual professional development from the National School District Educational Services Department in the areas of the UCI Mathematics framework. In addition to certificated staff and administrators, our classified staff has also been receiving professional development this school year. All certificated, classified, and administrators have received virtual sexual harassment, mandated reporter, and blood-borne pathogens training. This year, certificated staff and administrators have received professional development in Multi Tiered Systems of Supports (MTSS). The site administrator leads the MTSS Leadership Team as well as the ILT through identifying an area of focus for the year. A District Resource Teacher has provided professional development to the staff in the area of vocabulary development and effective teaching strategies that support vocabulary instruction. In addition, each teacher will be
